## **Project Exhibition 2017-18**

### **Report:**

Project exhibition was conducted on 10<sup>th</sup> May 2018 for final year students along with mini project. Inauguration of project exhibition started at 9.30am in MWR lab, AEC lab and CCN lab in the esteemed presence of chief Guests along with the Principal, HOD, staff and students of TCE department.

The judge invited to evaluate were

1. Dr.Veena.M.B of BMS College of Engineering Bangalore.
2. Dr. K.Somashekar of SJBIT College of Engineering Bangalore.

The students exhibited /demonstrated their working models along with the poster. The students explained their projects, its implementation methodology and its applications to the judges. Collected the feedback from the judges regarding the conduction of the project exhibition and quality of projects. The judges addressed the students and provided their valuable insights.

The best three projects selected were:

1. Surveying and calculation of a given area using a quad copter by Mohit S Gowda and team.
2. Prototype for automation in portable Hydroponic/Aquaponic system by Dhanalakshmi N and team.
3. Automated food service management system.
