

Research papers in the Journals

Title of paper	Name of the author/s	Department of the teacher	Name of journal	Year of publication	ISBN/ISSN number
Fabrication of carbon nanospheres	Kiran kumar S.R	Chemistry	MATERIALS Today Elsevier	2018	ISSN 2214-7853
Corrosion Kinetics of Al ₂ O ₃ +ZrO ₂ .5CaO coatings applied on gray cast iron substrate	Dr.Ranjana Jain, Abhinav and N.Krishnamurthy	Chemistry	Ceramic International, Elsevier Journal	2017	ISSN 0272-8842
graphene oxide embedded with copper oxide as nanohybrid for electrochemical sensors	Kiran kumar S.R	Chemistry	Elsevier - Journal of Science: Advanced Materials and Devices	2017	ISSN 2468-2179
The influence of heat generation (absorption) and thermal radiation on MHD laminar boundary layer flow over a moving cylindrical rod	B.S. Venkataramana, P.jalaja, K.R.Jayakumar	Mathematics	International journal of engineering sciences & research technology	2017	ISSN 2277-9655
Study Voltammetric Response of Biomolecules	Kiran kumar S.R	Chemistry	Springer-Surface Engineering and Applied Electrochemistry	2016	ISSN 1068-3755
synthesize hierarchically assembled NiO	Kiran kumar S.R	Chemistry	Bulletin of Materials Sciences	2015	ISSN 0250-4707
