REPORT ON “DATA ANALYTICS BOOTCAMP”

Year/Sem:	3 rd Year / 5 SEM / Both A and B section
Event Type:	Boot Camp
Event Name:	DATA ANALYTICS BOOTCAMP
Date/Duration:	08-01-2024
No. of Students:	101
Speaker Details:	Shaik Johnny Basha, Bengaluru
Online link/Offline:	Offline

Event Objectives:

- Providing knowledge about Data Analytics.
- Understanding the difference between Data Analyst and Data Scientist.
- Attaining an opportunity to get knowledge about new field of Computer Science.

Speaker Profile:

The session was handled by Shaik Johnny Basha. In 2021, his journey as a Student Entrepreneur commenced with the inception of Study Comrade Private Limited. Rooted in the belief that education is not merely a path but a shared experience, this venture embodies my commitment to making a lasting impact. His growth trajectory as a Student Leader was shaped by his roles as a student coordinator for various college clubs, where the speaker learned the art of effective collaboration and leadership. The echoes of success resonated on a national level as he triumphed in numerous competitions, solidifying his belief in the power of youthful ingenuity. The year 2022 brought forth a pinnacle moment with the prestigious "Young Entrepreneur Award" from the Indian Achievers Forum. This recognition was not just a personal milestone but a celebration of the collective efforts invested in Study Comrade's journey.

Event description with pictures:

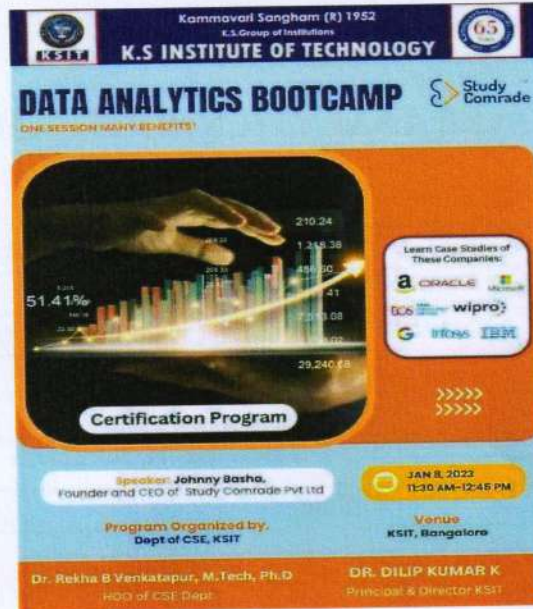

Figure Bootcamp Poster

The resource person was welcomed by Mr. Somasekhar Talanki and Dr. Sunita Chalageri. The speaker Mr. Shaik Johnny Basha were facilitated florally. The HoD of Computer Science and Engineering Dr. Rekha Venkatapura welcomed the guests.

Figure 1 Workshop Inaugural

The session was handled by Shaik Johnny Basha. In 2021, his journey as a Student Entrepreneur commenced with the inception of Study Comrade Private Limited. Rooted in the belief that education is not merely a path but a shared experience, this venture embodies my commitment to making a lasting impact. His growth trajectory as a Student Leader was shaped by the roles as a student coordinator for various college clubs, where speaker learnt the art of effective collaboration and leadership. The echoes of success resonated on a national level as he triumphed in numerous competitions, solidifying his belief in the power of youthful ingenuity. The year 2022 brought forth a pinnacle moment with the prestigious "Young Entrepreneur Award" from the Indian Achievers Forum. This recognition was not just a personal milestone but a celebration of the collective efforts invested in Study Comrade's journey.

Figure 2 Concepts to understand Data

The workshop began with the resource person introducing students to what Artificial intelligence is. The theory and development of computer systems able to perform tasks normally requiring human intelligence, such as visual perception, speech recognition, decision-making, and translation between languages.

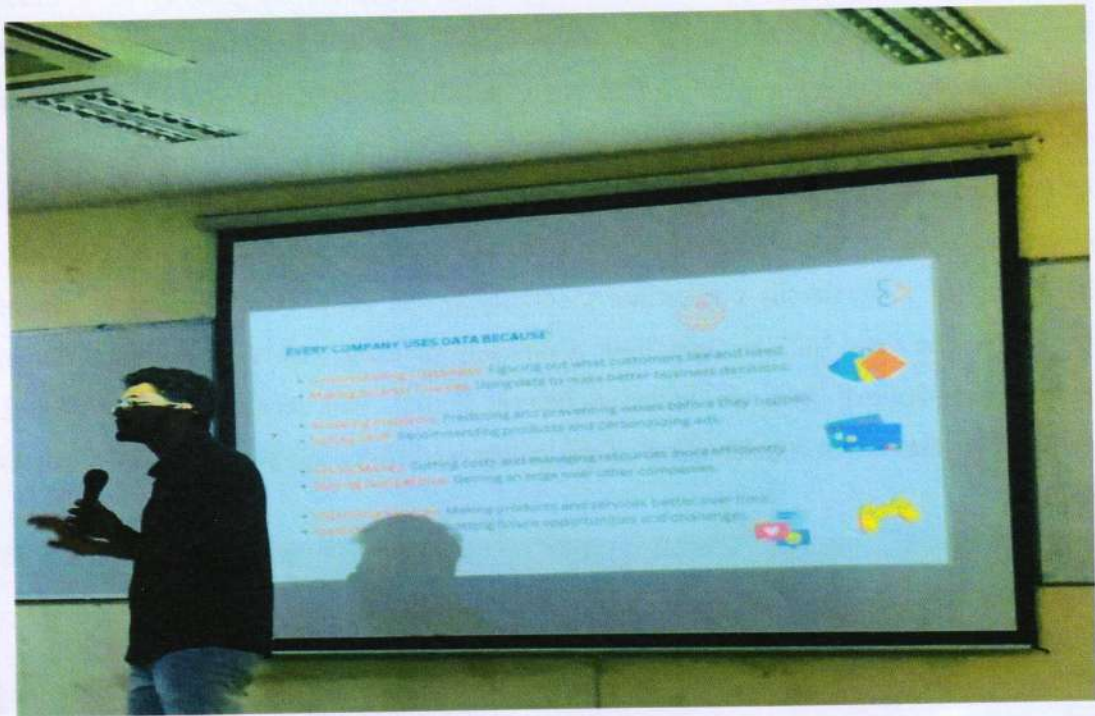

Figure 3 Application of Data in Companies

Figure 4 Workshop Session

The objective of the workshop was to bring students closer to the real world where people are running for their jobs. The students were introduced to 'DATA SCIENCE' and 'DATA ANALYTICS' where they are one step closer to take students to the real world where people are running for their jobs.

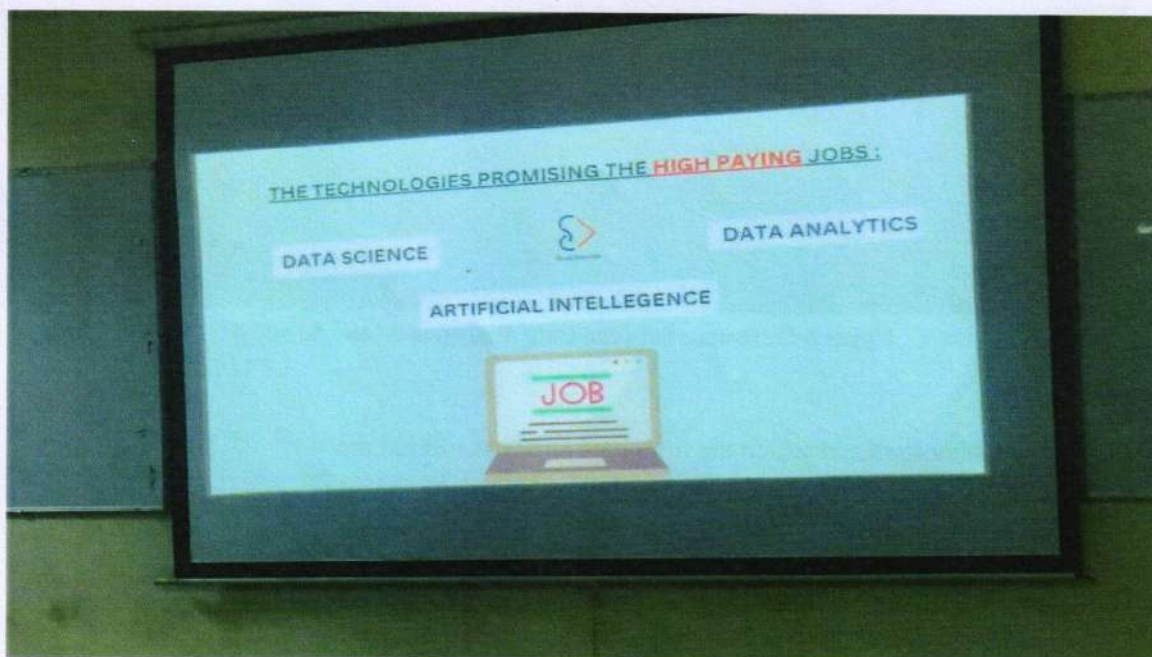

Figure 5. Skills that help in gaining high paid jobs

The speaker taught students the skills which are required for the job. We got a glimpse of advantages of studying MS/M.TECH. In a growing technology, speaker made students realize that getting a job immediately after the graduation is not so easy. Speaker made students realize that instead of concentrating on various fields it is intended to concentrate and focus on right domain.

In recent years, in all software and MNC companies they prefer employees with little amount of experience rather than giving jobs to freshers. Speaker guided students that to indulge ourselves more in internships and mini-projects which gives students more experience regarding technology

Figure 6 Difference between Data Analyst and Data Scientist

The main technologies in which the high paid salary is offered are:

- Data science
- Data analysis
- Artificial Intelligence

Speaker gave students the case study on various companies such as

- Flipkart
- Netflix
- Coca-Cola
- Uber

to make students to understand the use of data analytics
