REPORT ON
Industrial Visit

Semester	**1st Semester**
Event Type	**Industrial Visit**
Company Name	**M/s Microsoft**
Event Name	**Azure AI & Copilot Day**
Date/Duration	**25th January 2025/1 Day**
Associated Professional Bodies	**Ms. Poornima S and Mr. Pruthvi S AI Instructor & Mentor AZURE Microsoft Valued Professional**
No. of Students	**29**
Venue	**M/s Microsoft Office**
Online link/Offline	**Offline**

Introduction:

On 25th January 2025, students and faculty from K. S. Institute of Technology had the opportunity to visit M/s Microsoft as part of an educational industry tour. The visit aimed to provide insights into cutting-edge technologies and gain exposure to real-world applications of artificial intelligence and cloud computing. The highlight of the visit was an engaging talk delivered by Microsoft Valued Professionals (Mrs Poornima and Mr. Pruthvi S) on Azure AI and Copilot. During the visit, attendees were given a brief introduction to Microsoft's mission, core values, and its pivotal role in shaping the digital transformation of industries worldwide. The talk began with an overview of Azure AI, Microsoft's comprehensive suite of artificial intelligence tools and services designed for developers and businesses. Key highlights included: Azure Cognitive Services, Azure Machine Learning and Real-World Applications.

The second part of the talk focused on Microsoft Copilot, an AI-powered assistant embedded into various Microsoft products like Word, Excel, and Teams. The speakers explained how Copilot leverages the capabilities of generative AI to: Enhance Productivity, Improve Collaboration, Empower Creativity.

The industry visit to Microsoft was an enlightening experience, offering a deeper understanding of emerging technologies and their transformative potential. The engaging talk on Azure AI and Copilot inspired attendees to explore the limitless possibilities of artificial intelligence and left them motivated to contribute to the future of technology. Such industry interactions are invaluable in bridging the gap between theoretical knowledge and practical application, fostering innovation and career readiness among participants.

We extend our gratitude to Microsoft for hosting the visit and to the speakers for sharing their expertise.
