ABOUT ANANYA

Ananya an annual cultural fest organized by the students of KS Institute of Technology in Bangalore, India. The fest provides a platform for students to showcase their talents in various fields such as dance, music, drama, sports, and technical events. It is a three-day event that attracts students intra college to show case their talents in their chosen fields.

This year observed Masquerade as a day 01, where men dressed up in their formal attires and female showed their elegance through their ball gowns. The event has an air of mistque surrounding it. The second day of the event celebrated Ethnic Day, which highlighted the cultural variety and unity through the vibrant and diverse ethnic backgrounds of the students.

Another remarkable performance was a mesmerizing jugalbandhi between classical and western styles of dance. It was a unique fusion that showcased the harmonious blend of two distinct dance forms. The dancers seamlessly transitioned between intricate classical movements and energetic western dance steps, creating a breathtaking spectacle.

This event highlighted the various talents from different departments. Mainly four teams participated, namely Avinya(CSE), Aghira(ECE), Marcos(Mech, CSD, CCE) and Imperium(TC, AIML, IOT). It was an exciting and vibrant part of college festivals that brought together students from various academic disciplines to showcase their talents and create a sense of unity and camaraderie.
