DAY 2 -19-05-2025

The second day of our NSS Camp Agamy 2025 commenced with a flag hoisting ceremony conducted by Team Swami Vivekananda. All volunteers rose early, waking up at 5:30 AM, and gathered near the flagpole at 7:00 AM. The theme of the flag hoisting ceremony was "Save Earth," with the message that when change begins within us, the Earth begins to change with us. This theme served as a powerful reminder of our individual responsibility in protecting and preserving the environment.

During the flag hoisting ceremony, a meaningful message was conveyed: when change begins within us, the Earth begins to change with us. This statement emphasized the importance of personal responsibility in addressing environmental issues. It reminded us that collective progress starts with individual actions and choices. By adopting sustainable practices in our daily lives, we contribute to a healthier and greener planet. The event set a meaningful tone for the day's upcoming activities, reinforcing our commitment to social responsibility.

The flag hoisting ceremony on Day Three was held with great reverence under the thought-provoking theme of "Mother Womb." This theme served as a powerful reminder of the origin of life and the unconditional care, sacrifice, and nurturing associated with motherhood. Just as a mother selflessly protects and nourishes her child, we are reminded of our duty to respect and protect all sources of life, whether it is nature, community, or the values that unite us. The ceremony encouraged us to reflect on the sanctity of life and the importance of empathy, compassion, and responsibility in our actions. It inspired every volunteer to uphold these values in their service and to honor the nurturing forces that sustain our society.

The flag hoisting ceremony served as a meaningful moment to reflect on our commitment to community service and collective responsibility. During the assembly, the Flag Committee presented a brief report on the activities carried out the previous day and outlined the agenda for the day ahead. Leadership responsibilities were efficiently managed as the Captain and Vice-Captain stepped forward to oversee the smooth execution of their designated duties.

Following the flag hoisting ceremony, we set out at 7:30 AM for a spirited morning walk through the village streets. This walk was not only refreshing but also served a meaningful purpose, as we actively engaged with the local residents by spreading awareness about the medical camp scheduled for the day. The interaction allowed us to connect with the community while promoting the importance of healthcare. The walk concluded at 8:30 AM, after which we gathered in the dining area. Skilled medical professionals conducted the assessments, offering valuable health insights and personalized recommendations.

The medical camp was organized to enhance access to basic healthcare and to promote early diagnosis and health awareness among the rural population. It aimed to bridge the gap in medical accessibility and ensure timely intervention for preventable health conditions. Initiatives like this also play a crucial role in educating the community about the importance of routine health monitoring and preventive care.

The villagers responded with active participation, making the initiative a significant step toward community well-being. The camp not only addressed immediate health concerns but also reinforced the values of empathy, service, and social commitment.

We had lunch at 2:00 PM, after which, by the afternoon around 3:00 PM, all assigned tasks for the day had been successfully completed, and the medical camp concluded with an encouraging response from the villagers. DAY 5 –22-05-2025

On the fifth day of our NSS special camp, we began the day with a flag hoisting ceremony at 7:00 AM, led by Team Kuvempu. The chief guests for the flag hoisting ceremony were Kunnappa, Chikkamuniyappa.

During the ceremony, our volunteers focused on the theme of biodiversity, highlighting the vital role it plays in maintaining ecological balance and supporting life on Earth. They emphasized the need to protect various plant and animal species, stressing how even the smallest organisms contribute significantly to the health of our environment. Prior to the flag hoisting, the flag hoisting department presented a creative briefing of the previous day's activities and outlined the current day's plan in the style of a news channel, making the session both informative and engaging. After the briefing, the captains and vice-captains took charge of their respective teams, ready to begin the day's activities with renewed energy and purpose.

Following the flag hoisting ceremony, all volunteers shifted their focus to preparing for the painting activity at the government school in Malligemettu. Teams gathered necessary materials and coordinated tasks to ensure the work would proceed smoothly. This preparation phase involved organizing paints, brushes, and cleaning the designated areas, reflecting our commitment to enhancing the learning environment for the students. The sense of teamwork and shared responsibility was evident as everyone contributed with enthusiasm and dedication. After completing the preparations, we proceeded to have breakfast, which helped us recharge for the productive day ahead.

After breakfast, all volunteers assembled at the government school in Malligemettu and divided into groups to begin the day's main task — painting the school buildings. The work started with a thorough cleaning of the premises, including the walls, surroundings, and three older blocks along with a newly constructed one. Everyone took part in preparing the surfaces by removing dirt, scrubbing the walls, and arranging the necessary painting materials. This phase required coordination and effort, and the teams worked together efficiently, ensuring everything was ready for the artistic transformation.

Once the cleaning was complete, the volunteers began painting the school walls with creative and meaningful artwork. Each group took a different section and brought it to life with educational themes, colourful visuals, and inspirational messages aimed at motivating the schoolchildren. The artwork added vibrancy and character to the school environment, turning plain walls into engaging learning spaces. This initiative not only enhanced the aesthetic appeal of the school but also instilled a sense of purpose and satisfaction among the volunteers, knowing their efforts would leave a lasting impact on the students and the village community.

As we carried out our assigned tasks, painting the school buildings and cleaning the surrounding yard, we came to appreciate the true value of community service. Transforming the school environment with vibrant artwork and clearing the premises of waste and debris reminded us that meaningful change often begins with simple, hands-on efforts. These activities not only improved the school's appearance but also created a more welcoming and inspiring space for the children who study there. The work deepened our sense of responsibility, reminding us how collective action can uplift a community and contribute to its growth.

After a productive and fulfilling day, we came together for lunch and took a short break to rest. The sense of achievement was evident in every volunteer's expression. As we reflected on the day's efforts,

beautifying the school and enhancing its surroundings, we felt proud and grateful for the chance to make a lasting impact. The experience reinforced the importance of selfless service and showed us how dedicated teamwork can turn small actions into meaningful change.

Our NSS special camp experience taught us valuable lessons about teamwork, community service, and the importance of contributing to the betterment of our surroundings. DAY 6 –23-06-2024

The day commenced with a wake-up call at 5:30 AM, followed by the assembly of all NSS volunteers near the flagpole at 7:00 AM. The flag hoisting ceremony was graced by the presence of Sri Thimmarayappa from Malligemettu village, along with Mr. Naveen V, the NSS Program Officer. The flag was hoisted by Team Visveswaraya, with the ceremony themed around the ideals and spirit of NSS. During the gathering, the volunteers presented a brief introduction to NSS, provided a recap of the previous day's activities, and shared the agenda planned for the day.

The theme of the day was "Silent Heroes," chosen to honour those individuals who work quietly and selflessly for the betterment of others without seeking recognition. These silent heroes serve with dedication, compassion, and humility, making a lasting impact through their actions. Though their contributions often remain unnoticed, their efforts are powerful and deeply meaningful. They inspire others by leading through quiet strength and sincere service. The National Service Scheme reflects these very ideals by encouraging students to actively participate in community development. It promotes values such as responsibility, unity, and selfless commitment to society. Guided by the motto "Not Me but You," NSS continues to shape students into socially aware and responsible citizens who contribute positively to the nation.

Following this, the volunteers participated in a Zumba dance session. Zumba is a high-energy fitness activity that combines dance and aerobic movements, promoting physical health in a fun and engaging way. It helps improve cardiovascular endurance, coordination, and overall fitness while also boosting mood and reducing stress. Regular participation in such activities enhances energy levels and encourages a more active lifestyle. Incorporating physical exercise like Zumba into our daily routine contributes to better health and a more positive outlook on life. The session concluded at 8:30 AM, after which we proceeded to the dining area for our breakfast. The kitchen department had prepared a nutritious and healthy meal, which we savoured with relish.

After breakfast, all NSS volunteers, along with our seniors and the NSS Program Officer, assembled at the village government school to carry out the planned activity of the day. The aim was to paint and beautify the school building, creating a more positive and encouraging environment for the students. Everyone participated with enthusiasm, bringing a strong sense of unity and purpose to the task. The initiative reflected the values of community service and collective responsibility that the NSS stands for.

The volunteers worked together to clean and paint various parts of the school, including classrooms, corridors, and outer walls. Each person contributed their time and effort with dedication, ensuring that the work was carried out with care and attention to detail. The activity also served as an opportunity to build teamwork, develop leadership skills, and strengthen the bond among students and staff. The guidance and involvement of the NSS Program Officer throughout the process were a source of support and motivation for all.

By 3:00 PM, the painting work was completed successfully, giving the school a fresh and vibrant appearance. The effort was well received by the village residents, school staff, and children, who expressed their appreciation for the work done. The day left a lasting impression on everyone involved, reinforcing the importance of contributing to the welfare of the community.

As the day progressed, we took a moment to reflect on our shared experiences, feeling a deep sense of fulfilment and gratitude for having contributed meaningfully to the community. After enjoying a wholesome lunch, we returned to our accommodation for some much-needed rest in preparation for the cultural evening ahead. By 5:30 PM, we regrouped at the government school for the flag dehoisting ceremony, which was honoured by the presence of KSIT alumni along with our NSS Program Officer. With the ceremony concluded, the stage team seamlessly transitioned into the cultural segment of the evening, marking the beginning of a vibrant and engaging celebration.

The stage decoration was beautifully handled by Team Kuvempu, whose creativity and thoughtful use of natural materials turned the stage into an attractive and meaningful setting. Their efforts highlighted our cultural heritage in a unique and impressive way.

At the same time, Team Kittur Rani Chennamma, in charge of the cultural programs, showed great dedication and energy in presenting a well-organized and engaging performance. The theme of the program focused on Yama, Chitrugupta, Rambe, and Urvashi, bringing mythological stories to life on stage.

The event concluded at 9:30 PM, after which everyone proceeded to the dinner arrangements. The Food Committee carried out the dinner service with commendable care, maintaining high standards of cleanliness and hygiene. Their dedication and professional approach ensured a smooth and well-organized food distribution for all attendees.

After we finished eating, the team captain and vice-captain officially handed over their responsibilities to other members of the team.

DAY 7 –24-05-2025

On the seventh day of our NSS Camp Agamy 2025, the day began with a flag hoisting ceremony conducted by Team Swami Vivekananda. All volunteers woke up early at 5:30 AM and assembled at the flagpole by 7:00 AM. The ceremony was themed "Plantation" (Save Trees), emphasizing the importance of environmental conservation, curbing deforestation, and promoting afforestation. The objective of the event was to raise awareness about the urgent need to preserve our forests and take collective action toward protecting the environment. The plantation initiative highlighted the importance of restoring green cover, combating environmental degradation, preserving biodiversity, and ensuring a sustainable future for the coming generations.

Along with "Plantation," other important themes addressed during the flag hoisting ceremony included the growing issue of deforestation, the prevention of abuse against women, and the role of the silk industry in Ramanagara. Volunteers reflected on the alarming rate of forest loss and the need for proactive measures to safeguard our natural ecosystems. The topic of women's safety focused on raising awareness about gender-based violence, emphasizing the importance of education, empowerment, and creating a safer society for all women. The significance of Ramanagara's silk industry, known for being a vital part of Karnataka's economy, was also highlighted, underlining its role in providing employment and supporting rural livelihoods. Through these diverse themes, the ceremony not only inspired environmental consciousness but also encouraged social responsibility and community engagement among all volunteers.

The flag hoisting ceremony witnessed the presence of distinguished chief guests, including KSIT alumni Sumukha, Kumar, Gurudeep, Yaswanth, Rohith, Rakshith, Akash, Suraksha, Chaya, Vaishnavi, Sumana, Megashree, Bhavana, and Pranitha, along with Mr. Naveen V, the NSS Program Officer. Upon completion of the painting work, all teams regrouped and prepared for the primary task of the day—the plantation drive.

Then, we proceeded to a designated area assigned for planting saplings, demonstrating our commitment to preserving forest areas and cultivating more plants for a healthier future. With enthusiasm and dedication, we planted the saplings, showing our concern for the environment and our determination to contribute to a greener tomorrow.

The program aimed to promote environmental conservation and sustainable practices among the rural community. The NSS unit, comprising dedicated volunteers, engaged with the local community, emphasizing the importance of environmental stewardship and sustainable living.

The volunteers spearheaded a sapling planting drive, which was supported by the Village Head and Gram Panchayat members, who participated in the event and encouraged the villagers to actively contribute to environmental conservation. The collective effort aimed to foster a culture of afforestation and eco-friendly living in the village.

The program's impact was profound, with a significant increase in awareness among the villagers about the importance of conserving forests and trees. Our main task, planting saplings across the village, served as a powerful symbol of our commitment to environmental conservation. This achievement is crucial for the future generation, as it ensures a healthier environment and a sustainable future.

By planting these saplings, we not only spread awareness but also took tangible action towards environmental conservation, inspiring the community to follow suit. Through this initiative, the NSS unit of KSIT has made a lasting impact on the community, fostering a culture of sustainability and environmental responsibility.
