

K.S. INSTITUTE OF TECHNOLOGY, BANGALORE – 560109

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

IEEE OUTREACH PROGRAM 2025

PARIVARTANA

Date of Conduction: 15/11/2025

Venue: Agara Government School

Time: 9.00 am – 2.00 pm

Duration: 5 hrs

Sponsoring Bodies / Associating Organization: KSIT IEEE SB

Description of the Event:

As part of our outreach activity, we visited the government school for a half-day interaction with the students. The session began with a brief introduction and a welcome by the school staff, followed by engaging activities such as interactive lessons, motivational talks, and fun learning games designed to inspire curiosity and creativity among the children. We even conducted a hands on session for students to bring out innovation and creativity in them. The college students also conducted awareness sessions on topics like healthy habits, the importance of education, and responsible use of technology. The school students enthusiastically participated, asking questions and sharing their thoughts, which made the interaction lively and meaningful. The visit concluded with an informal interaction and distribution of some goodies, leaving both the college and school students enriched by the exchange of knowledge and experiences.

Objectives / Key Highlights:

1. To create awareness among school students about the importance of education, healthy habits, and responsible use of technology.
2. To encourage interactive learning through activities, games, and motivational talks that build confidence and curiosity.
3. To foster a spirit of social responsibility and community engagement among college students.

Participant details - No. of Participants: 120

Students (internal/external): external

Faculty: Mrs. Bhargavi Ananth, Mrs. Sangeetha V

Photos (Geo Tagged) :

Outcomes / Benefits:

1. School students actively participated in the sessions, gaining knowledge in a fun and engaging manner.
2. The interaction helped motivate students to take greater interest in their studies and personal growth.
3. College students developed communication, teamwork, and leadership skills while experiencing the joy of contributing to society.
