- To bridge the gap between technical knowledge and workplace expectations through practical soft skill development sessions.
- To provide hands-on experience in public speaking, group discussions, interviews, and presentation techniques.
- To encourage confidence building and personality development through interactive activities and role plays.
- To develop leadership qualities, emotional intelligence, and decision-making abilities among students.

- To strengthen teamwork and collaboration skills through group tasks, team-building exercises, and case studies.
- To improve time management, goal setting, and stress management skills for better academic and professional performance.
- To organize mock interviews, resume-building workshops, and career guidance sessions to enhance employability.
- To cultivate professional ethics, workplace etiquette, and adaptability in dynamic work environments.
- To motivate students to develop a growth mindset, positive attitude, and lifelong learning habits for long-term career success.

SCOPE OF THE PROGRAM:

The purpose of the Soft Skill Training Program is to enhance the overall personality, communication abilities, and professional readiness of degree students through structured training sessions and interactive learning activities. This initiative focuses on developing essential interpersonal skills, emotional intelligence, leadership qualities, and workplace etiquette that complement technical knowledge and academic learning.

The program includes communication workshops, group discussions, mock interviews, presentation practices, role plays, team-building exercises, and personality development sessions to promote experiential learning. It aims to bridge the gap between academic knowledge and industry expectations by providing practical exposure to real-world professional scenarios, enhancing confidence, adaptability, and effective decision-making skills among students.

By fostering teamwork, problem-solving abilities, time management, and professional communication, the program empowers students to excel in interviews, internships,

higher education, and corporate environments. In the long run, such structured soft skill initiatives contribute to improved employability, leadership development, career growth, and the creation of confident, responsible, and industry-ready professionals capable of thriving in dynamic work environments.

HIGHLIGHTS OF THE DAYS:

Over the span of one day, the Soft Skill Training Program focused on strengthening students' communication abilities, confidence, and professional readiness through interactive and activity-based sessions. Trainers introduced key concepts such as effective communication, body language, teamwork, and leadership using practical examples, real-life scenarios, and engaging discussions. Participants actively took part in activities, shared their thoughts, clarified doubts, and gradually built confidence in expressing themselves clearly and professionally.

Throughout the program, group discussions, role plays, mock interviews, and presentation exercises were conducted to enhance interpersonal skills and critical thinking abilities. Students worked collaboratively in teams to solve case studies and participate in team-building activities that promoted cooperation and problem-solving. The sessions emphasized practical exposure to real-world professional situations, helping students bridge the gap between academic knowledge and workplace expectations.

The program concluded with presentation and feedback sessions where students confidently demonstrated their communication skills and reflected on their learning experiences. The one-day initiative proved to be highly enriching and impactful, fostering confidence, leadership, teamwork, and adaptability. It significantly enhanced students' employability skills, professional attitude, and motivation to excel in interviews, internships, and future career opportunities
