### INDUSTRIAL VISIT

#### REPORT ON

#### “INDIAN INSTITUTE OF SCIENCE(IISc) OPEN DAY-2026”

<b>Year/Sem:</b>	3 <sup>rd</sup> Year / VI SEM
<b>Event Type:</b>	Industrial Visit
<b>Event Name:</b>	INDIAN INSTITUTE OF SCIENCE(IISc) OPEN DAY -2026
<b>Date/Duration:</b>	07-03-2026 / 1 DAY
<b>No. of Students:</b>	45
<b>Speaker Details:</b>	NA
<b>Online link/Offline:</b>	Offline

#### Introduction

The **Indian Institute of Science (IISc), Bengaluru**, hosted its annual **Open Day on March 7, 2026**, transforming the campus into a vibrant hub of scientific exploration. The event provided a platform for students, researchers, and the public to engage with pioneering innovations in engineering, science, and interdisciplinary research. This year's edition emphasized **robotics, artificial intelligence, neuroscience, and sustainable technologies**, reinforcing IISc's role as a leader in advancing knowledge and bridging academia with industry and society.

#### Objectives of the Visit:

- To explore diverse research and technological innovations showcased across **42 departments and six interdisciplinary centres**.
- To gain insights into real-world applications of advanced engineering concepts, including **AI-driven robotics, aerospace engineering, material sciences, and renewable energy technologies**.
- To leverage IISc's resources and exposure for future academic, industrial, and research pursuits.

## Visit Experience

Visitors experienced a welcoming and open environment, with free entry and access to laboratories, innovation hubs, and interactive exhibits. Key highlights included:

- Robotics demonstrations: Load-carrying robots and autonomous prototypes drew major attention.
- AI systems and climate monitoring devices, showcasing applications in smart manufacturing and environmental sustainability.
- Centre for Brain Research presentations, offering insights into cutting-edge neuroscience.
- Electronics and computer science exhibits, featuring live experiments and advanced computational models.

The event attracted 60,000–80,000 two-wheelers, hundreds of buses and cars, with shuttle services arranged to manage the massive turnout.

### Conclusion:

The visit concluded at 5:00 PM, leaving with a deep appreciation for the cutting-edge advancements in science and technology. The experience was highly engaging and informative, sparking enthusiasm for innovation, engineering research, and interdisciplinary exploration.

### Outcome of the Event:

- **Enhanced technical curiosity and problem-solving skills** among students.
- **Deeper understanding of interdisciplinary research**, particularly in AI, robotics, neuroscience, and sustainable energy.
- **Motivation to pursue careers in research and innovation**, with IISc reaffirming its role as a hub of excellence.

The 2026 edition stood out for its **scale, diversity of exhibits, and public engagement**, making it one of the most impactful Open Days in IISc's history.

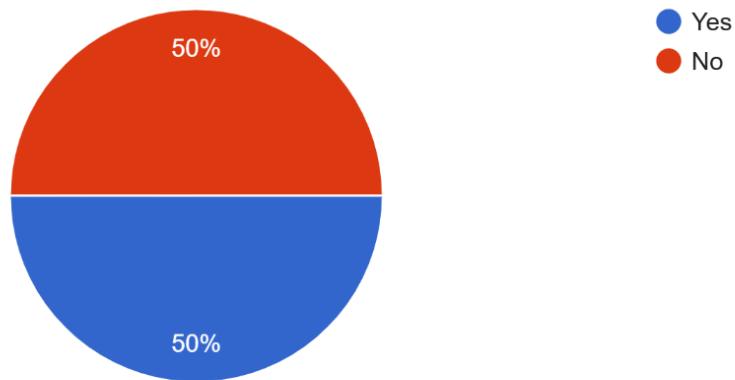

## FEEDBACK RESPONSES:

Timestamp	USN (all capital letters)	FULL NAME (all capital letters)	Have you ever visited IISc open day before?	How would you rate the overall experience of the Open Day?	How informative was the Open Day visit?	Did the visit increase your interest in research and innovation?	How satisfied are you with the learning experience during the visit? EO#	EVENT OUTCOMES
EO1	Students will gain practical exposure to industrial operations aligning with their academic knowledge.
EO2	Participants will understand the real-world applications of modern engineering tools and processes.
EO3	Enhanced awareness of industry challenges and solutions.
EO4	Improved appreciation of ethical and sustainable practices in the workplace.

<b>PO1:</b> Engineering Knowledge <b>PO2:</b> Problem Analysis <b>PO3:</b> Design / Development of Solutions <b>PO4:</b> Conduct Investigations of Complex Problems <b>PO5:</b> Engineering Tool Usage <b>PO6:</b> The Engineer and The World <b>PSO1:</b> Ability to understand, analyze problems and implement solutions in Programming languages, as well to apply concepts in core areas of Computer Science in association with professional bodies and clubs.	<b>PO7:</b> Ethics <b>PO8:</b> Individual & Collaborative Team Work <b>PO9:</b> Communication <b>PO10:</b> Project Management & Finance <b>PO11:</b> Life-long Learning <b>PSO2:</b> Ability to use computational skills and apply software knowledge to develop effective solutions and data to address real world challenges.
