#### About Your GRE® Score Report

##### Score Reporting Policies

With the ScoreSelect® system, you can decide what test scores to send to the institutions you are applying to. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration.
- All option – Send your scores from all test administrations in the last five years.
- Any option – Send your scores from one GRE test administration in the last five years (this option is not available on test day when you select up to four FREE score reports).

Scores for a test administration may be resubmitted to other institutions. Test takers will receive score reports that include only the scores that you indicated to send to them. There will be no resubmission of scores if you have taken and reported GRE tests. See the GRE® International Website for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated institutions approximately 10–15 days after a computer-delivered test and 15 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2010, scores are reportable for five (5) years following the testing year in which you started (July 1 – June 30). For example, scores for a test taken on May 15, 2010, are reportable through June 30, 2015. GRE scores expire on August 20. Take no longer reportable.
- For tests taken on or after July 1, 2010, scores are reportable for five (5) years following your last date of a test. For example, scores for a test taken on July 2, 2012, are reportable through July 2, 2017.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

##### Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Percentiles of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the groups of all test takers who tested within the appropriate three-year period.

##### Retaking a GRE Test

You can take the GRE® General Test once every 30 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you do not send your scores or a test taker previously. You can take the computer-based GRE General Test and GRE Subject Tests as often as they are offered.

Note: This policy will be enforced even if a score on a test is not immediately identified (e.g., incorrect registration information was used, scores have been reported). In such cases, the final 4 answers will be treated and scores reported will be not tied to the candidate's Test Max will be forfeited.

##### For More Information

For information on how to interpret your scores, see Understanding Your GRE Scores at [www.ets.org/gre/understand](http://www.ets.org/gre/understand).

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the test, see the Detailed Score Report. For more information about GRE, visit [www.ets.org/gre](http://www.ets.org/gre). You will receive your scores within 10–15 days of the test date. If you are a candidate you answered a question incorrectly, the GRE score will be calculated based on the number of correct answers. The score will be available approximately 10 days after your test administration. For more details, follow the instructions on the score report.

If you have any questions concerning your score report, email GRE Services at [gre-info@ets.org](mailto:gre-info@ets.org) or call 1-800-421-6070 or 1-800-421-6071, toll free for test takers in the U.S., U.S. Territories and Canada, between 8 a.m. and 7 p.m. (Pac. Time) EST.

Overall Band Score

Overall    6.0    Very Good User

The test taker has fully operational command of the language with only occasional unsystematic inaccuracies and inappropriate usage. They may misunderstand some things in unfamiliar situations. They handle complex and detailed argumentation well.

Test    Score    Your result explained

**Listening**    6.5

Test takers at Band 6.5 can typically follow extended speech involving complex and detailed argumentation. They can identify and process language and grammar automatically, and so are able to concentrate on the development of the overall meaning of what is said by a speaker or speakers. They can understand a wide range of vocabulary including idiomatic language and fixed phrases or unusual collocations, as well as technical and academic language.

Advice to improve your score  
 Listen to discussion programmes, especially those on abstract topics you're less familiar with, without pausing or repeating the recording. Try to predict how the conversation might develop, then see if you're correct. Make it a point to notice how the speakers express and qualify their opinions, noting ways they say things that make their arguments particularly effective. Where speakers have different points of view, notice how they respond to one another's comments. Use strategies to infer ideas and meanings that are not directly stated. Afterwards, try to reconstruct the discussion to yourself, to check how much you have understood.  
 Your reading skills are already quite good. Continue to develop your awareness of how to read different types of texts differently. What features does that particular type of text typically have? How is information structured and arranged in such texts? Use your knowledge of these and approach the reading task in an appropriate way. Limit the amount of time you give yourself to read a text. As an exercise, try to find several texts on the same topic so that you can compare opinions, views, definitions and conceptualisations of ideas. Academics often make fine distinctions, so see if you can determine these. You may even try to see if you can capture those differences by writing a one sentence summary.

**Reading**    6.0

Test takers at Band 6 can typically deal effectively with a variety of factual and opinion-based texts that are often complex and dense with information. They are skilled at using their very wide vocabulary knowledge to create meaning, from sentence level to text level, on a range of general, specialised, and technical topics. They are good at following complex arguments and distinguishing between main ideas and supporting details, and at understanding attitude, opinion and implication. They are good at using appropriate reading strategies, such as skimming and scanning, and at synthesising information and drawing inferences.

Talk to other people about abstract and difficult current issues. Also try giving a talk on those topics, doing this twice, using different vocabulary and grammar structures each time. Ask yourself: Which words and structures worked best? Why? How might I express them even better? Then, try again, talking for longer and more smoothly until you think you have delivered your ideas in the best possible way. Continue to engage with natural English language materials and TV or on the internet. Pay attention to speakers' pronunciation. In particular, note how they use things like intonation and pauses to help

**Speaking**    6.0

Test takers at this band can typically speak fluently and at a natural speed, with only occasional repetition or self-correction. Hesitation is usually to find ideas, and not to find words or grammar. Speaking is well-organised; ideas are clear and well linked, and topics are well developed. They use a wide range of natural, accurate and idiomatic vocabulary to discuss all topics, although with occasional errors in word choice, and can paraphrase well if needed. They can use a wide range of grammar structures. Most sentences are accurate, with only occasional errors. Pronunciation is generally natural and clear, with only occasional minor

problems. They are always easy to understand, and their accent has very little effect on understanding.

Test takers at this band can typically produce a clear overview of the graph or a clear viewpoint throughout the response. All parts of the task are covered. (GT) The letter has a clear purpose and a consistent, suitable tone. Test takers can support their main ideas with details and examples, although these might be too general and lack focus. The writing is well-organised and leads logically to its conclusion. They can use a variety of linking words, with some over- or under-used. In Task 2 every paragraph has one main topic. They can flexibly use a range of vocabulary and some less common words with some style, despite occasionally choosing the wrong word or making mistakes in spelling or in the form of a word. They are able to use a variety of complex sentences, and many of their sentences are correct. However they still make a few mistakes with grammar and punctuation.

convey what they are trying to say. Then, think of how you might incorporate those in your own speaking.

Practice producing different types of writing. When writing informational and argumentative pieces, take care to develop your points thoroughly, providing as many relevant supporting ideas and details as necessary. Don't develop your points separately. Instead, ask yourself: how might I develop my idea so that it logically leads me to my next idea? Then, also ask yourself: does my use of paragraphing help to highlight the flow of my ideas? Have I also used other means besides paragraphing to do this? Use a good variety of structures, choosing appropriate ones to help the overall effect of your writing. Also try to use a wide range of vocabulary when you write, always using the best possible word. For words and phrases that are newer to you, look them up online to see how other writers use them and what other words they often appear together with. Finally, check your writing, paying special attention to those words and grammar structures you're not as confident about.

	On behalf of NCB - GATE, for MHRD			

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/stipendship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is  $\mu + \sigma$  or 25 marks (out of 100), whichever is greater, where  $\mu$  is the mean and  $\sigma$  is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula:

$$\text{GATE Score} = S_0 + (S_1 - S_0) \frac{(M - M_q)}{(M_t - M_q)}$$

where

$M$  is marks (out of 100) obtained by the candidate in the paper

$M_q$  is the qualifying marks for general category candidate in the paper

$M_t$  is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_0 = 350$ , is the score assigned to  $M_q$

$S_1 = 900$ , is the score assigned to  $M_t$

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of  $i^{\text{th}}$  candidate in the  $j^{\text{th}}$  session  $M_{ij}$  was computed using the formula:

$$M_{ij} = \frac{M_{ij}^p - M_{ij}^q}{M_{ij}^p - M_{ij}^q} (M_{ij} - M_{ij}^q) + M_{ij}^q$$

where

$M_{ij}$  is the actual marks obtained by the  $i^{\text{th}}$  candidate in  $j^{\text{th}}$  session

$M_{ij}^p$  is the average marks of the top 0.1% of the candidates considering all sessions

$M_{ij}^q$  is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

$M_{ij}$  is the average marks of the top 0.1% of the candidates in the  $j^{\text{th}}$  session

on behalf of NGE - GATE, for MHRD

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting authorities may conduct further tests or interviews for final selection.

In the GATE 2020 the qualifying marks for a general category candidate in each paper is  $\mu + \alpha$  or 25 marks (out of 100), whichever is greater, where  $\mu$  is the mean and  $\alpha$  is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC (NCL) and SC/ST/PwD candidates are 80% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_0 + (S_1 - S_0) \left[ \frac{M - M_c}{M_s - M_c} \right]$$

where

- $M$  is marks (out of 100) obtained by the candidate in the paper
- $M_c$  is the qualifying marks for general category candidate in the paper
- $M_s$  is the mean of marks of top 0.1% or top 10 whichever is greater of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- $S_0 = 350$ , is the score assigned to  $M_c$
- $S_1 = 900$ , is the score assigned to  $M_s$

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of  $i^{\text{th}}$  candidate in the  $g^{\text{th}}$  session  $M_{ig}$  was computed using the formula

$$M_{ig} = \frac{M_{ig}^* - M_{cg}^*}{M_{tg}^* - M_{cg}^*} (M_{ig} - M_{cg}) + M_{cg}^*$$

where

- $M_{ig}^*$  is the actual marks obtained by the  $i^{\text{th}}$  candidate in  $g^{\text{th}}$  session
- $M_{cg}^*$  is the average marks of the top 0.1% of the candidates considering all sessions
- $M_{tg}^*$  is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions
- $M_{ig}$  is the average marks of the top 0.1% of the candidates in the  $g^{\text{th}}$  session
- $M_{cg}$  is the sum of the mean marks and standard deviation of the  $g^{\text{th}}$  session

Graduate Aptitude Test in Engineering (GATE) 2020 was organized by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE, for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

## Score Reporting Policies

With the ScoreSelect® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the GRE® Information Bulletin for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 6 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

## Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

## Retaking a GRE Test

You can take the GRE® General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

## For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at [www.ets.org/gre/understand](http://www.ets.org/gre/understand).

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at [gre-info@ets.org](mailto:gre-info@ets.org) or call 1-800-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Speaking Skills	Level*	Your Performance
Speaking about Familiar Topics	Fair	Your responses indicate you are able to speak in English about your personal experiences and opinions in a mostly clear and coherent manner. Your speech is mostly clear with only occasional errors. Grammar and vocabulary are somewhat limited and include some errors. At times, the limitations prevent you from elaborating fully on your ideas, but they do not seriously interfere with overall communication.
Speaking about Campus Situation	Fair	Your responses demonstrate an ability to speak in English about reading material and experiences typically encountered by university students. You are able to convey relevant information about conversations, newspaper articles, and campus bulletins; however, some details are missing or inaccurate. Limitations of grammar, vocabulary, and pronunciation at times cause difficulty for the listener. However, they do not seriously interfere with overall communication.
Speaking about Academic Course Content	Good	Your responses demonstrate an ability to communicate effectively in English about academic topics typical of first-year university studies. Your speech is mostly clear and fluent. You are able to use appropriate vocabulary and grammar to explain concepts and ideas from reading or lecture material. You are able to talk about key information and relevant details with only minor inaccuracies.
Writing Skills	Level*	Your Performance
Writing based on Reading and Listening	Good	You responded well to the task, relating the lecture to the reading. Weaknesses, if you have any, might have to do with <ul style="list-style-type: none"> <li>slight imprecision in your summary of some of the main points and/or</li> <li>use of English that is occasionally ungrammatical or unclear.</li> </ul>
Writing based on Knowledge and Experience	Fair	You expressed ideas with reasons, examples, and details, but your response indicated weaknesses such as <ul style="list-style-type: none"> <li>you may not provide enough specific support and development for your main points;</li> <li>your ideas may be difficult to follow because of how you organize your essay or because of the language you use to connect your ideas; and/or</li> <li>grammatical mistakes or vague/incorrect uses of words may make the writing difficult to understand.</li> </ul>

**THIS IS THE ONLY PERSONAL RECORD YOU WILL RECEIVE. PLEASE RETAIN FOR YOUR RECORDS.**

This score report provides four section scores and a total score. An analysis of your strengths and weaknesses in English is included. The level pertaining to each skill should not be generalized beyond the performance on this test. Skill levels and their associated descriptions are not intended for use by institutions as part of their admissions criteria and will not be shared unless you grant permission.

\* Skill levels for speaking and writing individual skills are estimates of performance at the item level. The total writing and speaking scaled scores and ranges are more accurate. Therefore it is not appropriate to combine the individual skill levels. Doing so may lead to apparent inconsistencies between the diagnostic feedback and reported writing and speaking scores.

About Your GRE Score Report

Score Reporting Policies

With the ScoreSelect® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the GRE® Information Bulletin for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

#### Additional Information On Test Day

Personal items other than ID documents are not allowed in the testing room and cannot be accessed during breaks, except for food, beverages or medication. This includes any phones, tablets, all wearable technology, all watches and any other electronic, listening, recording, scanning or photographic devices. ### About Your GRE® Score Report

#### Score Reporting Policies

With the **ScoreSelect®** option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- **Most Recent option** – Send your scores from your most recent test administration.
- **All option** – Send your scores from all administrations in the last five years.
- **Any option** – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports).

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

#### Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

#### Retaking a GRE Test

You can take the GRE® General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.
