A REPORT ON “CYBER SECURITY WORKSHOP”

Semester:	4 th Semester
Event Type:	Seminar
Event Name:	Awareness About Overseas Opportunities
Date/Duration:	17-08-2023
Associated Professional Bodies	CyberNinja Technologies Pvt. Ltd
No. of Students:	131
Speaker Details:	Mr Kartheek Chanda Ms. Deepthi
Online link/Offline:	Offline

Event Objectives:

- An introduction to Ethical Hacking and Cyber Security
- Captivating Practical Demonstrations Utilizing Various Hardware Tools (e.g. Car Hacking)
- Emphasizing Career Opportunities in the Field
- Addressing Current Market Requirements and Spotlighting the Lucrative Salary Ranges

Speaker Details:

Mr Kartheek Chanda

- Trained more than 40,000 students (doctorates, professors, corporate employees, students, and bankers).
- Worked full-time for the Central Government organization as a CyberSecurity researcher.
- He works for 25+ national and international companies as the Cyber Security and Ethical Hacking Instructor.
- According to UrbanPro, he is ranked #1 out of 200+trainers in Ethical Hacking and 200+ trainers in Cybersecurity.

Ms. Deepthi

Director, CyberNinja Technologies Pvt. Ltd

- Cyber Security Manager with 16+ years of corporate experience.
- Trained individuals in the field of Cyber Security for a diverse international audience spanning USA, UK, South Africa, Norway, and Sweden.
- Certified Ethical Hacker
- Microsoft Certified Cloud Security Expert
- Certified Information Systems Security Professional (CISSP). This is a gold standard certification in the field of Cyber Security

Event description with pictures:

Cyber Security

- Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks. It is also known as information technology security or electronic information security.
- Cyber security is usually made up based on **three main components**:

Confidentiality: Data confidentiality means that data should only be available to those with authorized access. To achieve confidentiality, businesses can take advantage of data encryption technology and implement MFA (multi-factor authentication).

Integrity: Data integrity means information should be intact, complete, and accurate. To ensure data integrity, businesses can maintain and optimize their IT infrastructure, back up their data, and create a data loss prevention plan.

Availability: The last of the three CIA components of information security, data availability means that a network, systems, and necessary devices are ready to use as intended by the authorized people. To ensure the data availability of your organizations, you can regularly maintain your hardware, promptly repair any IT network issues, and ensure you use reliable cloud storage solutions.

Hacking

Hacking is the act of compromising digital devices and networks through unauthorized access to an account or computer system. It is not always a malicious act, but it is most commonly associated with illegal activity and data theft by cyber criminals.

EO#	EVENT OUTCOMES
EO1	Able to acknowledge components, elements and principles of Cyber Security and Ethical Hacking.
EO2	Able to identify Hardware tools and techniques available.
EO3	Able to understand the career options in the Cybersecurity field.
EO4	Able to acknowledge the industry requirements and relative remuneration.

<p>PO1: Science and engineering Knowledge</p> <p>PO2: Problem Analysis</p> <p>PO3: Design & Development</p> <p>PO4: Investigations of Complex Problems</p> <p>PO5: Modern Tool Usage</p> <p>PO6: Engineer & Society</p> <p>PSO1: Ability to understand, analyse problems, and implement solutions in Programming languages, as well to apply concepts in core areas of Computer science in association with professional bodies and clubs.</p>	<p>PO7: Environment and Sustainability</p> <p>PO8: Ethics</p> <p>PO9: Individual & Team Work</p> <p>PO10: Communication</p> <p>PO11: Project Management & Finance</p> <p>PO12: Lifelong Learning</p> <p>PSO2: Ability to use Computation Skills and apply software knowledge to develop effective solutions and data to address real world challenges.</p>

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Event Name: Internal Hackathon

Date of Conduction: 19th October 2023

Venue: K.S.I.T, Bengaluru.

Time: 9 AM to 6 PM

Duration: 10 Hours

Sponsoring Bodies / Associating Organization: K.S.I.T, Bengaluru.

Expert Details:

Name: Chethan M

Designation: Assistant Manager

Organization: Deloitte Consulting India Private Limited, Bengaluru

Brief Profile about the Expert:

- Developed and implemented comprehensive training programs, resulting in an increase in employee productivity and performance.
- Conducted needs assessments and identified skill gaps, resulting in targeted training initiatives that improved employee competency and job satisfaction.
- Collaborated with cross-functional teams to design and deliver engaging learning materials, including e-learning modules and interactive workshops.
- Monitored and evaluated training effectiveness through assessments and feedback, implementing continuous improvements to enhance employee development and organizational effectiveness.
- Developed and implemented training programs.
- Facilitated workshops and seminars for staff members, equipping them with essential skills and knowledge to enhance their job performance.

Name: Pradeep Kumar G H

Designation: Sr. System Engineer

Organization: IBM, Bengaluru.

Brief Profile about the Expert:

- As a Senior System Engineer specializing in front-end development, I have extensively contributed to the design, development, and deployment of complex web applications within the realm of data engineering.
- Front-End Development & UI Design: Spearheaded the development of intuitive user interfaces by employing the React framework in conjunction with Redux-Toolkit for efficient state management. Utilized React-Bootstrap to ensure a seamless and responsive design, enhancing user experience across various devices.
- Advanced Mapping Solutions: Played a pivotal role in the integration of High Definition (HD) Maps into our applications, utilizing a variety of mapping technologies such as DeckGL, Leaflet, and MapTalks. This enabled the visualization and interaction with geographical data in a rich, interactive manner.

- 3D Mapping and Visualization: Innovated in the realm of 3D map integration by leveraging Python alongside DeckGL, facilitating the creation of dynamic 3D visualizations that enhanced our application's data representation capabilities.

Description of the Event:

Hackathons are integral culture of KSIT, has hosted few hackathons in past (SENTINAL HACK ,SENTINAL HACK 2.0), participated and won SMART INDIA HACKATHON in the year 2017,2018,2019,2022 for the ministries like Department of Post, Ministry of Railways, Ministry of Telecommunications, Ministry of Power, Ministry of Civil Aviation,Toycathon-2021,Aadhar Hackathon and so on. KSIT students participated and won many intracollege, State level and National Level Hackathons.

As a part of internal hackathon few brainstorming sessions were conducted for students

Inhouse Hackathon conducted on dated 19th October 2023 at K.S. Institute of Technology ,Bengaluru -which was openhouse event.

he Event was accompanied by prominent jury panel consisting of – **Mr Pradeep Kumar G H ,Sr. System Engineer,IBM** (who was a Judge for Smart India Hackathon -2020 for HUBLI Nodal center), **Mr Chethan M, Manager,Deloitte Systems.**

The Event conducted under the Guidance and support of Management, KSGI, **Dr.K.V.A Balaji,CEO-KSGI, Dr.Dilip Kumar K Principal /Director, KSIT, Dr.Rekha B Venkatapur ,Dept of CSE,KSGI**

Objectives / Key Highlights:To Promote and nominate student teams to take part in National Level Hackathon(Smart India Hackathon-23).

Participant details - No. of Participants: 52

Students: Internal/Inhouse.

A REPORT ON SKILL DEVELOPMENT TRAINING AND PROJECT EXHIBITION”

Semester/ Section:	5 th Semester / A & B
Event Type:	Technical Training & Project Exhibition
Event Name:	SKILL DEVELOPMENT TRAINING ON IOT EDGE & GATEWAY AND PROJECT EXHIBITION
Date/Duration:	26 th October 2023 to 20 th November 2023 / 25 days 1 st December 2023 / 1 Day
Industry Collaboration for training	Cranes Varsity Software
No. of Students:	128
Online link/Offline:	Offline

Event Objectives:

- An Introduction to components involved in Computation through IOT.
- Addressing and identifying various Projects using OOPs and IOT.
- Emphasizing on Practical / Physical models using IOT and implement.
- Addressing the social issues and the key points to evolve in the current Industry requirements.

Speaker Details:

Ms. Bhavani Sankari

Domain Expert, Corporate Trainer for Data Science and IoT

Expertise:

- 5+ years of Strong technical expertise in consulting and training.
- Expert in Data Science, Python, Machine Learning, Data Analysis and Visualization, Deep learning, and IoT
- 3500+ Man hours of training experience.
- Successfully trained 1000+ engineering graduates and working professionals

in Linux and IoT

- Proficient in working on RaspberryPi, Arduino, Microcontrollers, IoT, Linux, and Device Drivers.
- Successful Training Delivered on
- Basic and Advanced Level Python Programming
- Python Unit Testing
- IoT Edge Node & Gateway
- Linux and device drivers etc

Kanchana H, M.Tech (Ph.D)

Domain Expert, Corporate Trainer for Embedded and VLSI Design

Professional Summary:

- Overall, 6+ Years of experience in retail & corporate training.
- Proven expertise in delivering training to diversified audiences C, C++, Python, Embedded C, Verilog HDL and FPGA Design.
- Trained 5000+ audiences from diversified groups including freshers, working professionals and corporate clients.
- More than 12,000 man-hours of training on various technologies.

Technical Skills:

- Programming Languages: C, C++, Python, Embedded C, Verilog HDL
- FPGA: Spartan-2, Spartan-3, Spartan-6, Artix-7
- Embedded protocols: UART, SPI, I2C and others

Mohsin Khan A, M.Tech (PhD)

Domain Expert, Corporate Trainer for Embedded and VLSI

- Over 14 plus years of Training & IT experience
- C, C++, Python, Embedded C, ARM Microcontroller, RTOS, MATLAB & Simulink, CAPL Scripting CANoe, Verilog/VHDL, FPGA, System Verilog, UVM.

- Demonstrated expertise in Embedded System and Automotive

- VLSI design and verification

- Programming Languages: C, C++, Python, CAPL, Embedded C,

MATLAB, Verilog/VHDL, System Verilog

- 25,000+ Man hours training experience.
- Preferred trainer for EMBEDDED & VLSI.
- Trained over 2000+ engineers at Student Level and has trained over 200+ engineers at Corporate Level.
- Provided several workshops with hands-on lab sessions for various corporate training programs.

Mr. Nishanth T

Domain Expert, Corporate Trainer

Areas of expertise

- Delivered 5000+ Manhours Training
- Programming Languages: Python, Basic knowledge on c & shell scripting
- IDE: Arduino, Python DILE, spyder, Google colab and code block
- Linux OS: Ubuntu, centOS, Redhat and MacOS

Technical Skills

- Expert in Raspberry Pi Training.
- Experience in MariaDB
- Experience in C, Python, and Embedded Systems.
- IOT, Arduino Microcontroller, Embedded c & Robotics
- Red Hat Enterprise Linux, CentOS, and Ubuntu.
- Configuring the crontab to automate the tasks.
- Creating and maintaining YUM/APT/GIT repositories.
- Bash Scripting
- User administration and managing file permission and ACL.
- Setting up Web Servers (httpd).
- Experience in Configuring and Maintaining various Open-Source applications on Linux - NFS, Autofs, SCP, SFTP, httpd.

Reddyrani. N, (BTech)

Corporate Trainer for Embedded and Automotive

Professional Summary:

- Overall, 3+ Years of experience in retail & corporate training.
- Proven expertise in delivering training to diversified audiences C, Python, Embedded C , IOT, ARM.
- Trained 500+ audiences from diversified groups including freshers, working professionals and corporate clients.
- More than 5000 man-hours of training on various technologies.

Technical Skills:

- Programming Languages: C, Python, Embedded C
- Embedded protocols: UART, SPI, I2C and others

Mr. Shaik Imam

Domain Expert, Corporate Trainer

Areas of expertise

- Over 15 years of Training & IT experience
- Microprocessors, Microcontrollers, ARM, Embedded C, VLSI and IOT

Technical Skills

- Programming Languages: C, C++, ASM, Embedded C for ARM, Verilog, VHDL, System Verilog.
- Embedded System Development using high end Microcontrollers STM32.
- VLSI design and verification using Verilog/System Verilog
- Python Programming for IOT applications
- Programming in C following MISRA-C guidelines
- Programming in C++ 11/14
- 25,000+ Man hours training experience.
- Preferred trainer for Embedded and VLSI
- Trained over 2500+ engineers at Student Level and has trained over 300+ engineers at Corporate Level.
- Conducted several workshops with hands-on lab sessions for various corporate training programs.

Mr. T S Tejas

Domain Expert, Corporate Trainer

Professional Summary:

- Overall, 4 Years of experience in retail & corporate training at cranes varsity.
- Proven expertise in delivering training to diversified audiences on C.
- Trained 1000+ audiences from diversified groups including students and corporate from junior engineers to project leads.
- Handled internships at various colleges for the engineering students
- Handled corporate trainings for companies like UST GLOBAL,PCC

CONTROLS

- Trusted Trainer for C Programming trainer for fresh graduates and working professionals
- Cohesive team worker, having strong analytical, problem-solving and interpersonal skills.

Technical Skills:

- Programming Languages / OS: C, Linux System Programming, and Data structures

Ms. Zaiba Afreen
Domain Expert, Corporate Trainer

Areas of expertise

- Trainer with Over 4+ Years of experience retail & corporate training at cranes varsity.
- Proven expertise in delivering training to diversified audiences on HTML, CSS, JAVASCRIPT Programming, ANGULAR JS AND MONOGO DB
- Trained 1000+ audiences from diversified groups including students and graduates and corporates
- Trusted Trainer for Web Technology, Angular Js and Mongo DB
- Cohesive team worker, having strong analytical, problem-solving and interpersonal skills.

Technical Skills

- Programming Languages : HTML, CSS, JAVASCRIPT, ANGULAR JS AND MONGODB
- Tools used : ANGULAR CLI TOOL
- Operating system worked on : Windows 7/8/10/11 ,Linux.
- Database : MONGO DB

Event description with pictures:

During the enriching internship at KSIT by Cranes Varsity, spanning from 26th October 2023 to 20th November 2023, students delved into a myriad of new concepts in Python and the Internet of Things (IoT). Over the course of this one-month program, their focus in Python covered a diverse range of topics, including linear search, binary search, pattern programs, object-oriented programming (OOP) concepts, nested classes, method utilization, and object creation.

Additionally in Python, students explored functions, lists, tuples, data types, decorators, dictionaries, and operator overloading. The comprehensive curriculum was reinforced by both pre-assessment and post-assessment tests, showcasing significant progress in knowledge development and problem-solving skills in Python. The internship wasn't limited to Python alone; there was a significant emphasis on IOT. Dedicated classes were conducted where each student team received an IOT devices kit.

In IOT kit each instructors elucidated the importance of each component, clarifying doubts and covering a spectrum of IOT concepts. Notable areas of focus included rotating servo motor applications, gas sensor-based smoke detection, water pumping using relays, LED illumination with ESP32, text display on LCD, soil moisture sensor for moisture content detection, applications of the RFID module and so on

To enhance practical understanding, an exhibition was organized, allowing students to showcase their IOT projects. Each team received a comprehensive IOT kit consisting of around 26 devices, and they were given 16 days of training with an additional 7-day period to develop their own IOT projects. The results were remarkable, with diverse projects ranging from Home Automation to Smart Agricultural Irrigation covering all the social sectors.

The post-assessment tests, featuring both theoretical and skill-based questions, reflected the students' thorough understanding of the topics covered, inspiring the faculty to delve deeper into teaching advanced skills. Though challenging yet rewarding nature of the internship empowered students to think creatively and implement their newfound knowledge. This hands-on experience not only enhanced their technological prowess but also instilled a greater sense of confidence.

The positive overall experience highlights the potential for these acquired skills to be instrumental in shaping the students' future careers in the field of technology. From the excitement on day one to the culmination in the exhibition, the journey was a testament to the valuable learning experiences gained during this internship.

Expert Details – with photo

Name: Dr.Pradeep V Desai

Designation: Director of K. S Research and Innovation Foundation and Prof. of Computer Science and Engineering Department at KSIT.

Organization: KSIT

Brief Profile about the Expert: Dr. Pradeep V Desai has completed MBA in Computer Applications from Newport University, USA. Master in Electronics and Bachelor in Electronics & Communication. PhD in Computer Science and Engineering. Post-Doctoral in Symbolic Data Analysis and Neural Nets, at Dauphine University, Paris, France. Dr. Pradeep V Desai has over 30 years of experience comprising of Industry and Entrepreneurship. Sir is the Director of KS Research and Innovation Foundation and Prof.of Computer Science and Engineering Department at KSIT. Currently, He is setting up KS Research and Innovation Foundation for the KS Group

Name: Dr. Ganga Holi

Designation: Professor, CSE, KSIT, Bengaluru.

Organization: KSIT

Brief Profile about the Expert: Dr. Ganga Holi mam had completed B.E., M.Tech in CSE from VTU and completed PhD in 2013. She has over 27 years of experience in teaching and 2 years in industry with 16 years of experience in Research. Dr. Ganga Holi Mam has presented and published 45 research papers in International Journals and conferences. She has done 20 certifications in trending technologies and also delivered guest talks and conducted workshops and training for faculties and students.

Name: Dr. Prashantha H S

Designation: Professor, CSE, KSIT, Bengaluru.

Organization: KSIT

Brief Profile about the Expert: Currently serving as Professor CSE Department KSIT and previously served as Professor at NMIT, PESIT and EWIT (more than 21 years of experience). Graduated from ECE under BU, M. Tech from VTU and PhD from Anna University Chennai in 2012. Extensive experience in executing Teaching/Training courses related to the Signal Processing for Undergraduate (UG) and Post-Graduate (PG) Programs (Handled most of the courses, framed syllabus and contents in the domain).

Name: Dr. Vijayalakshmi Mekali

Designation: Professor & Head, AIML, KSIT, Bengaluru

Organization: KSIT

Brief Profile about the Expert: Currently serving as Professor & Head in AIML Department, KSIT. Dr. Vijayalakshmi Mekali has completed B.E, M. Tech in computer science and Engineering from VTU and completed PhD in CSE from VTU. Had 12 + years of teaching experience and 2 years of industry experience. she has presented and published 15 + papers in international and national journal and conferences. She had guided 5 projects at the master's level and 27 batches at UG level.

Name: Mr.Ravindranath K

Designation: Research Scholar

Organization: NIT, Trichy

Brief Profile about the Expert: Mr. Ravindranath has 10+ years of experience in the Research and academic profession, spearheading diverse teams and people who worked at NMIT and DBIT Bangalore. Bachelor of Engineering from

Vivekananda Institute of Technology, Master of Technology from RNS Institute of Technology Bangalore, and Pursuing Ph.D. (2019- Till date), National Institute of Technology Tiruchirappalli (Final stage of completion).

Name: Dr.Archana H R

Designation: Assistant Professor

Organization: BMSCE

Brief Profile about the Expert: Dr. Archana H R has completed BE, M.Tech in Electronics from VTU and completed PhD in VLSI, SOC from VTU. She had 13 Years of Teaching experience and 1 year of industry experience. Dr. Archana has presented and published papers in 16 national and international conferences and journals of which one paper is a scopus indexed and yet another being published in Springer journal series.

Description of the Event: The 3 days workshop program was designed to address the 7th semester syllabus student projects domain along with research opportunities in various domain such as Image Processing, Machine Learning with hands-on demonstrations using OpenCV.

The workshop was inaugurated by the dignitaries such as Dr. K. V. A. Balaji - Chief Executive Officer K. S Group of Institution, Dr. Dilip kumar K -Principal & Director, KSIT, Dr. Rekha B Venkatapur - Head Department of CS&E KSIT

Dr.Pradeep Desai, Chairman Bengaluru chapter and Dr.Ganga Holi, Professor Department of CSE KSIT. The program was attended by 7th Sem CSE KSIT students.

Objectives / Key Highlights: The objective of the workshop is to introduce the basic concepts of image processing, applications, and hands-on training using OpenCV. The workshop is designed to stimulate students' interest in the Image Processing domain by engaging them in a completely purpose-driven study environment with hands-on activities while fostering a sense of curiosity and accomplishment.

Industrial Visit – Bangalore Tech Summit BTS 2023

Date of Visit: 30th Nov 2023

Venue: Bangalore Palace

Semester of Students: 7th Sem

Objectives of the Visit:

1. To make them aware of the start ups.
2. To interact with Industry persons
3. To get motivated and to choose carrier path in both IT and BT field.
4. To know about the Innovations in cutting edge technologies

Fig 1: Students in Bangalore Tech summit with Principal Dr. Dilip Kumar K and Dr Swamy.D.R, Chief Director, KSGIRIF

About Bangalore Tech Summit – 2023: It will serve as the global meeting ground, uniting large tech companies, dynamic startups, visionary investors, and cutting-edge research labs from over 30 nations. It will explore the limitless potential of technology and chart a course towards a future defined by innovation, collaboration, and boundless opportunities. Bengaluru Tech Summit 2023 is a gateway to a world where the only limit is the sky. Sri. D.K Shivakumar, Hon Deputy Chief Minister, Govt. of Karnataka, Sri.. Priyank Kharge, Hon., Minister It & Biotech, Govt. of Karnataka were the delegates in the Summit. Global IT and BT leaders, namely Sri. N.R.Narayan Murthy, Founder, Infosys, Sri. Rishad Premji, Executive Chairman, Wipro, Dr.Kiran Muzumdar-Shaw, Executive Chairperson, Biocon India limited were the Invited Guests for the event.

Highlights of the Summit

1. Conference:

The Conference is the soul of Bengaluru Tech Summit, a platform for knowledge exchange, dynamic discussions, transformative insights and thought leadership. BTS 2023 has a multi-track conference which covers the entire gamut of technology space. With individual tracks devoted to IT & Deeptech, Biotech. Over 75+ sessions were scheduled in conference, including thought-provoking and inspiring keynotes, engaging panel discussions, and informative presentations; from 400+ global domain experts.

2. Start Up

At BTS 2023, entrepreneurs will have immense opportunities to learn, connect and forge partnerships that will elevate their Start-ups to new levels. The dedicated 3 days Conference track and Start-up awards provided a unique opportunity know about Industry leaders, investors, mentors, policymakers, media and entrepreneurs. The Startup Pavilion was a star attraction with over 350+ Start-ups, incubators and accelerators from diverse sectors offering the best opportunity to showcase your innovations to the business visitors from India and abroad.

Out Comes:

1. Students were exposed to many **ground-breaking products and solutions** developed by start-ups
2. Awareness created about seed fund and **GOK supported incubators** K-tech Innovation Hubs, Centres of Excellence (CoEs)
3. Students learnt about various verticals in **carrier options** - IT, Agri-Tech, Med-Tech, Healthcare, Clean-Tech, Artificial Intelligence (AI), Deep Tech, Blockchain, Cyber security and Environment Tech
4. The Summit gave an idea regarding how an engineer can contribute to **Environment** through electric vehicle service Like Uber Green, offering residents convenient access to eco-friendly rides through applications.

Student Reflections on Industry Visits

Kushal K (USN: 1KS20CS047)

It was a fantastic and wonderful experience; we had the opportunity to interact and mingle with corporate professionals. We gained valuable exposure, built a strong network, and connected with new startups. This experience allowed us to understand the current market scenario and its requirements. Overall, it was an excellent experience, and we established contacts who are willing to assist with internships and job

opportunities. Additionally, some individuals expressed their readiness to mentor us throughout our journey.

Jnanesh A S (USN: 1KS20CS043)

It was a fantastic experience interacting with corporate professionals, gaining exposure, and connecting with startups. We now have a strong network and understand the current market requirements. We established contacts willing to assist with internships and job opportunities, with some expressing readiness to mentor us throughout our journey. Moving forward, we aim to sustain these connections, stay engaged in the professional community, leverage mentorship for ongoing success, and actively contribute to the dynamic landscape of our industry. With these valuable connections, we are poised for continued growth and exciting opportunities in our professional endeavors.

Ganashree K (USN: 1KS20CS031)

The Bangalore Tech Summit, attended on the 30th of November, proved to be an extraordinary experience. It offered an unparalleled industry exposure, fostering practical communication with esteemed delegates. The summit served as a gateway to the latest innovations and cutting-edge technologies, allowing us an invaluable glimpse into a myriad of startup ideas.

The opportunity to engage with various startups was particularly inspiring, providing insights that sparked innovative thinking. The AR demo presented at the event left an indelible impression, undoubtedly a highlight of the summit. Notably, the organization was impeccable, facilitating a seamless exploration of diverse stalls representing over a hundred companies.

Moreover, the summit was an insightful platform shedding light on hiring procedures, as well as showcasing the remarkable products and services of companies like Infosys Spring and Azure. The inclusion of college stalls featuring outstanding projects further enriched the experience, showcasing the bright future of innovation.

Overall, the event was not only informative but also captivating, enhancing our networking capabilities and leaving us thoroughly mesmerized by the breadth of technological advancements on display.

Bharath M (USN: 1KS20EC009)

The Bangalore Tech Summit was a very good experience for me, it was my first time going for an tech event. My actual reason for going for the summit was to explore new tech and understand how to implement them in my collage project but it was much moree!!! I got to see soo many start up companies with simple ideas and it really inspired me a lot. Companies from all the fields like AI,Cyber Security,Marketing,Electronics,Bio Technology and much more,I got contacts of core companies of my Branch and got few internships too.IT WAS A MEMORABLE DAY OF MY LIFE.

Jahnvi P (USN: 1KS20CS041)

The tech summit was truly an immersive experience, akin to stepping into a tech wonderland where innovation was visible in every corner. The showcase of the latest gadget, allowing me to interact with cutting-edge devices and witness firsthand the strides technology has taken. Beyond the gadgets, the mind-blowing startup concepts presented a vision of what the future holds, sparking my imagination. It wasn't just a summit; it felt like a journey into the future, providing a glimpse of the incredible possibilities ahead. The event left me inspired and eager to be part of the ongoing technological evolution.

Ganashree G M (USN: 1KS20CS030)

The Bangalore Tech Summit is a good event which brought together some of the brightest minds in the tech industry. The idea and innovation were exciting, there were lot of startups, colleges, companies brought up their ideas and working model. It helped in building connection with professionals and to learn about different technology.

Dhanya Sharanya Shree R (USN: 1KS20CS023)

The Bangalore Tech Summit provided an enriching experience, offering a comprehensive glimpse into the forefront of technological advancements. The event's organized structure facilitated practical engagements with industry delegates, fostering insightful discussions about the latest innovations and emerging startups. Exploring diverse stalls representing various companies provided valuable insights into their hiring processes and showcased a myriad of products and services. The AR demo presented at the summit was particularly captivating, demonstrating the cutting-edge technologies shaping our future. Overall, the event was an invaluable platform that broadened perspectives and encouraged innovative thinking, leaving an indelible mark on all attendees

CIRCULAR

This is to inform all 3rd semester students that the Department of Computer Science and Engineering will be conducting a special session on "**Outcome Based Education**" on **December 13, 2023**. This session is an integral part of our initiative to enhance the educational experience by aligning it closely with practical outcomes and industry standards. We strongly emphasize that attendance for this session is compulsory for all **CSE (A section, B section, C section)** students and will be diligently recorded.

The program will commence at **8.30am** in **Conference Hall**.

REPORT ON
“Insightful Perspectives on Outcome Based Education Awareness”

Semester:	3 rd Semester
Event Type:	Seminar
Event Name:	Awareness About OBE Concepts
Date/Duration:	13-12-2023 / 90 minutes
No. of Students:	205
Speaker Details:	Mr. Krishna Gudi, Associate Professor, CSE, KSIT
Online link/Offline:	Offline

Event Objectives:

- To provide an insight on OBE Concepts to the students.
- How OBE aligns with current industry standards and prepares students for the workforce by equipping them with relevant skills and knowledge.
- To gain clarity on the specific (PEOs), (POs), and (PSOs) of the CSE curriculum.

Event Description:

The Computer Science & Engineering Department at KSIT organized an awareness program on "Outcome Based Education" on December 13, 2023. The program conducted in the Conference Hall, was led by Prof. Krishna Gudi, Associate Professor in the CSE Department, and targeted 3rd Semester students.

Glimpse during introduction of OBE

Glimpse during delivery on 'Components of OBE in CSE Curriculum'

Glimpse during delivery on 'Importance in Engineering Education'

The program covers the following topics:

- 1) Overview of OBE
- 2) Components of OBE in CSE Curriculum
- 3) Importance in Engineering Education

1. Overview of OBE:

- Explained the definition and key elements of Outcome Based Education (OBE), contrasting it with traditional educational approaches. This part emphasized the focus of OBE on student outcomes and learning objectives.

2. Components of OBE in CSE Curriculum:

- Detailed discussion on Program Educational Objectives (PEOs), Program Outcomes (POs), and Program Specific Outcomes (PSOs) tailored for CSE students, explaining how each element contributes to a comprehensive learning experience.

3. Importance in Engineering Education:

- Highlighted the relevance of OBE in meeting current industry standards and demands, stressing how it prepares students with necessary skills and enhances employability.

The session was designed to enhance the students understanding of OBE and its significance in their academic and professional development within the field of Computer Science and Engineering.

EO#	EVENT OUTCOMES
EO1	Students will gain a comprehensive understanding of the OBE model.
EO2	Students will recognize the importance of OBE in aligning their education with current industry standards and demands.
EO3	Students will develop a clear understanding of their academic goals and how each course contributes to their overall educational and professional development.

Subject: Request for permission to organize a seminar on Organic Farming and Benefits of Organic Foods and consequently the budget requirement.

Through: HOD (Department of Computer Science and Engineering)

Respected Sir,

In association with **The GREEN PATH Organic Restaurant**, Seminar on "**Organic Farming and Benefits of Organic Foods**" has been scheduled on 19-12-2023 for the 3rd Semester Students, CSE Department of KSIT and the session will be addressed by **H R Jayaram** the founder of THE GREEN PATH Organic Restaurant, Malleshwaram and Forest Bath resort at Coorg also a popular resource person for national and international conferences on organic and sustainable living practices.

The topics to be covered and can be aligned with the Course Social Connectivity and Responsibility.

Budget	
Arrangements:	
Flower Bouquet	200
Memento for the Resource Person	500
Remuneration for the Resource Person	2000
Tea / Coffee / Lunch	200
Total	2900

May I request you to give the permission to organize this event. I further request you to sanction the budget.

Thanking You,
Yours Faithfully,

Speaker Details

Name: Sri. H R Jayaram

Company: The GREEN PATH Organic Restaurant

Speaker profile

H R Jayaram is a well-known lawyer turned Organic farmer and eco-social entrepreneur. He is the founder of THE GREEN PATH with initiatives of certified organic farms, organic food store, forgotten food restaurant, eco hotel and Forest Bath resort at Coorg.

A great proven LEADER and VISIONARY, Jayaram is an exemplary individual in many aspects with his consistent efforts to emphasize the meaning of "Truly Organic" and path of sustainable living.

He is also founder and secretary of Karnataka Organic Federation and a member in World Organic Body – IFOAM.

He is also a popular resource person for national and international conferences on organic and sustainable living practices and initiatives

About the Organization

The Green Path is a well-known unique brand promoting its change maker initiatives with various recognitions including coveted Namma Bangalore Award twice as eco social entrepreneurship.

“Introduction to Experiential Learning using Virtual Labs”

Date of Conduction: 6th February, 2024

Venue: DBMS laboratory, Old Block, 2nd Floor, KSIT and Online Laboratory, New Block, 4th Floor

Time: 2:00 PM to 3:30 PM

Duration: 1/2 Day

Sponsoring Bodies / Associating Organization: National Institute of Technology Karnataka, Surathkal, Mangaluru, India – 575025.

Participating Institutes

Resource Person Details – with photo

Name: Ms. Vismaya M Kumar

Designation: Senior Research Fellow, NITK.

Organization: National Institute of Technology Karnataka, Surathkal, Mangaluru, India – 575025.

Brief Profile about the Expert/ Resource Person: Vismaya M Kumar has Master of Technology in Telecommunication from Mar Baselios College of

Engineering and Technology, Trivandrum, and she is currently working as a Senior Research Fellow at NITK. She is one of the key resource persons of Outreach and Development team from the Virtual Labs team at NITK Surathkal.

Name: Ms. Anusha B Salian

Designation: Junior Research Fellow, NITK.

Organization: National Institute of Technology Karnataka, Surathkal, Mangaluru, India - 575025

Brief Profile about the Expert/Resource Person: Anusha B Salian is currently working as Junior Research Fellow (Front-End Developer) with 6.5+ years of Experience in developing user interfaces through HTML, JavaScript, and CSS. She is one of the key resource persons of Outreach and Development team from the Virtual Labs team at NITK Surathkal.

Name: Ms. Akshaya

Designation: Junior Research Fellow, NITK.

Organization: National Institute of Technology Karnataka, Surathkal, Mangaluru, India - 575025

Brief Profile about the Expert: Akshaya is currently working as Junior Research Fellow at Center for Systems Design NITK, Surathkal. She is having proficient technical skills and ability to practically demonstrate the computer solvable tasks. She is one of the key resource persons of Outreach and Development team from the Virtual Labs team at NITK Surathkal.

Description of the Event: The half a day workshop, titled “Introduction to Experiential Learning using Virtual Labs” in association with NITK Surathkal is a part of outreach of Virtual Labs, An MoE Govt. of India, to promote their adoption as a valuable tool for experiential learning. This workshop is designed to serve as a learning platform for practice-oriented subject areas. It aims to facilitate learning in engineering and sciences through experimentation in a virtual environment, allowing learners to proceed at their preferred pace, place, and time. This hands-on experience is integral to the effective utilization of these resources for virtual-remote experimentation and learning.

This workshop was organized for 5th semester CSE students and faculties. Three key resource persons from NITK outreach team with the assistance of teaching and supporting staff of CSE department imparted and demonstrated on how to use the tools and conducted the experiments on different areas covered by Virtual Labs, the experiments are designed and implemented by the esteemed and premier participating institutes

across India. Students were encouraged to explore, conduct various computer related labs of CSE and ECE streams experiments and analyze their output.

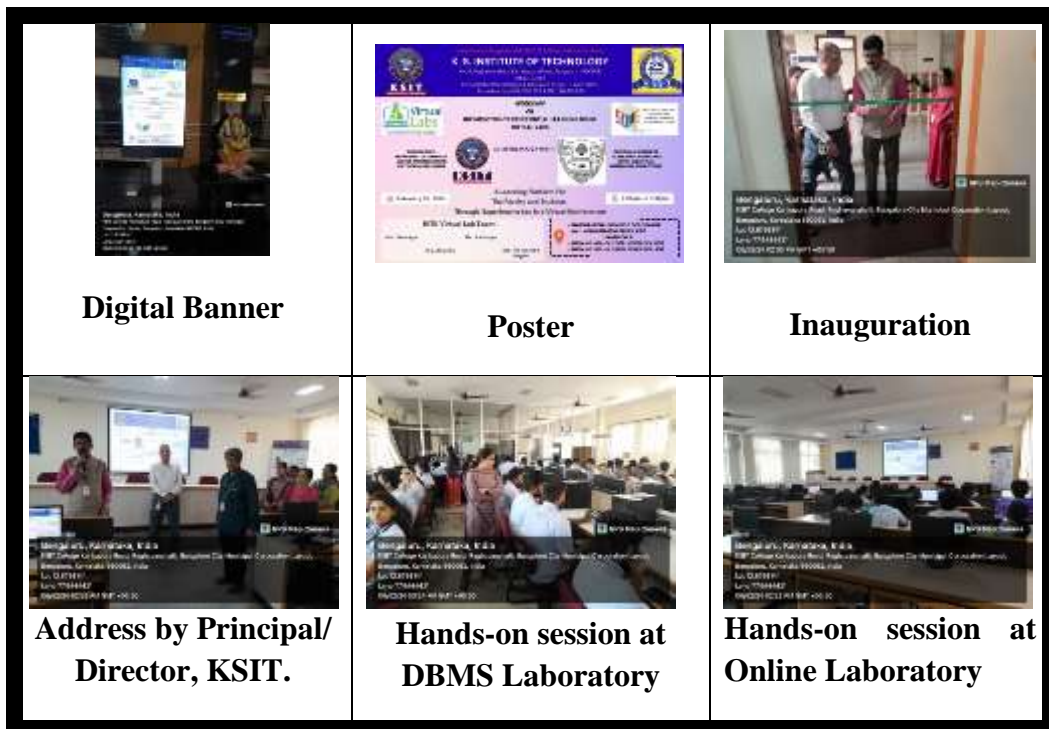

The workshop was inaugurated by Dr. K. V. A. Balaji - Chief Executive Officer K. S Group of Institution, Dr. Dilip Kumar K -Principal & Director, KSIT, Dr. Rekha B Venkatapur - Head of the Department, CS&E KSIT, Mr. Harshavardhan J.R, Associate Professor, Department of CS&E and Nodal Coordinator, KSIT, along with Ms. Vismaya M Kumar, Ms. Anusha B Salian, and Ms. Akshaya, the key resource persons from NITK. The program was attended by 5th Semester CS&E KSIT students.

Objectives / Key Highlights:

1. Access remotely to simulation-based Labs in various disciplines of Science and Engineering.
2. To enthuse students to conduct experiments by arousing their curiosity. This would help them in learning basic and advanced concepts through remote experimentation.
3. Utilize a complete Learning Management System around the Virtual Labs where the students/ teachers can avail the various tools for learning, including additional web-resources, video-lectures, animated demonstrations and self-evaluation.

Report on “Blockchain and Web3 - Building with Krypcore web3.0”

The seminar commenced with a ceremonious inauguration that set the stage for an enlightening discourse on the innovative realms of blockchain and Web3 technologies. The HoD of Computer Science & Engineering Dr. Rekha B Venkatapur, graciously extended a warm welcome to the esteemed speaker and the adept team from Krypcore Technologies. The introduction of Mr. Bharatharaj Babu and his colleagues was marked by an overview of their profound expertise and contributions to the field, elucidating their roles in shaping the digital infrastructure of tomorrow.

Date and Time: The seminar took place on 19th February 2024, starting at 10:30 AM.

Venue: Conference Hall.

During welcomed & brief introduction of Team members from Krypcore Technologies

Objective:

The primary goal of this seminar was to enlighten Computer Science Engineering students, particularly those in their 3rd and 5th semesters, about the transformative potential of blockchain technology and the emerging paradigm of Web3. It aimed to provide a comprehensive introduction to the foundational concepts of blockchain, including its basic cryptographic mechanisms and consensus protocols, and explore the development, deployment, and implications of smart contracts.

Glimpse during delivery from Speaker Mr. Bharatharaj Babu

Engrossed audience attentively listens to Mr. Bharatharaj Babu

Mr. Bharatharaj Babu started with the basics, explaining blockchain as a decentralized ledger technology that enables secure, transparent, and tamper-proof transactions. He covered key cryptographic principles like public and private keys, hashing, and their role in ensuring transaction security.

He elaborated on consensus protocols, comparing Proof of Work (PoW) and Proof of Stake (PoS), and explained how these mechanisms help maintain the integrity and trustworthiness of transactions without a central authority.

Web3: Use Cases and Trends: The seminar delved into the essence of Web3 as the next internet phase, focused on decentralization and user empowerment. Mr. Babu discussed emerging trends like Decentralized Finance (DeFi), Non-Fungible Tokens (NFTs), and

Decentralized Autonomous Organizations (DAOs), providing insights into how these innovations are reshaping online interactions and transactions.

Krypcore Web 3.0 (Intro & Features): An introduction to Krypcore Web 3.0 was provided, highlighting its suite of tools designed to facilitate Web3 application development. Features such as user-friendly interfaces for blockchain interaction, smart contract development tools, and integration capabilities with various blockchain networks were emphasized.

Conclusion and Q&A Session: The seminar concluded with a Q&A session, where Mr. Babarathaj Babu addressed the students' queries, further clarifying complex topics and encouraging them to explore the opportunities presented by blockchain and Web3 technologies.

This seminar, aimed at budding engineers, not only broadened their understanding of key technological innovations but also equipped them with practical skills and knowledge to navigate the evolving digital landscape.

EO#	EVENT OUTCOMES
EO1	Understand Blockchain and Web3 Concepts
EO2	Apply smart contract tools in demonstrating their practical applications in a controlled environment.
EO3	Analyze industry impacts to assess and critique the influence of blockchain and Web3 on various business sectors.

Introduction and Overview

Exploring IISc Bangalore Open Day 2024 - A Journey with KSIT Enthusiasts

Introduction:

We Students of KSIT, *V M Tejus, Vaishali Bhosle, Rakshita G S, Skanda Kumar, Soujanya N, Vishal Kaman, Sunidhi P, Sindhu Megha, Ruthu M R, Sheethal G, Ravitej A Kakhandaki, Samrat Singh*, had the incredible opportunity to immerse ourselves in the technological wonders at the Indian Institute of Science (IISc) Bangalore during the Open Day on Saturday, 24 February 2024. This report aims to capture the unique experiences of KSIT enthusiasts, delving into the enriching technological marvels and collaborative endeavours that defined our visit.

Figure 1: Group Picture at the Main Building, IISc Bangalore

Overview:

The IISc Bangalore Open Day, celebrating 50 years of sustainable technologies, provided a dynamic platform for students and enthusiasts. As representatives from KSIT, we were keenly engaged in exploring the cutting-edge advancements showcased by various departments. From sustainable technologies to brain research and computational sciences, our journey through the event was shaped by our unique perspectives and shared enthusiasm.

Figure 2: Group Photo -2 at the Main Building, IISc Bangalore

In the subsequent pages, I will provide detailed insights into the specific technologies, research showcases, and interactive sessions that left a lasting impression on us as students from KSIT.

Technological Marvels at CST and CBR

A KSIT Exploration Through Sustainable Technologies and Brain Research

Centre for Sustainable Technologies (CST):

Our visit to the CST exhibit at the IISc Open Day offered us, KSIT enthusiasts, a unique perspective into the future of sustainable living. Notable demonstrations included:

- **50 Years of Sustainable Technologies:** A captivating video presentation showcasing the evolution of sustainable technologies at IISc over the past five decades.
- **Low Carbon Eco-friendly Buildings:** Full-scale prototypes providing tangible examples of sustainable architectural solutions.
- **Jacob's Ladder:** A mesmerizing demonstration offering insights into electrical phenomena.
- **Plasma Ball and Fluorescent Light:** Engaging demonstrations highlighting the applications of plasma in everyday technology.

Centre for Brain Research (CBR):

Figure 3: Vaishali Bhosle at the Centre for Brain Research

As KSIT enthusiasts, the CBR's exhibit showcasing large-scale, comprehensive longitudinal studies on aging and brain disorders resonated with our curiosity. The interactive synapse signalling model and real-time brain activity detection were particularly fascinating for our tech-inclined minds.

These exhibits provided a unique blend of sustainable technologies and groundbreaking brain research, setting the stage for an intellectually stimulating and enriching experience for KSIT representatives.

Figure 4: V M Tejus at the Centre for Brain Research

In the subsequent pages, we will delve into the Computational and Data Sciences Department's contributions and explore the technological initiatives presented by the Department of Computer Science and Automation (CSA).

Computational and Data Sciences (CDS) Department

Navigating the Frontiers of Computational Science with KSIT Enthusiasts

Introduction:

As KSIT enthusiasts, our exploration continued into the Department of Computational and Data Sciences (CDS) at IISc Bangalore. This department played a pivotal role in shaping our experience at the Open Day, offering a diverse range of events, demonstrations, and discussions that showcased its interdisciplinary expertise.

Events and Competitions:

As representatives from KSIT, we actively participated in the engaging events and competitions organized by CDS, including:

- **Bits-Blitz:** Quizzes in Computer and Data Science that tested our knowledge.
- **Coder's Grand Prix:** Fun and thrilling programming challenges that ignited our coding enthusiasm.
- **Three-Minutes-Thesis:** Lightning-speed project presentations, providing a snapshot of ongoing research.

Figure 5: CDS LAB

Keynotes:

Distinguished speakers from academia and industry delivered talks on exciting topics in Machine Learning, Artificial Intelligence, and Computational Sciences. These talks deepened our understanding and sparked insightful conversations among us KSIT enthusiasts.

Demos and Labs:

The various labs under CDS opened their doors for interactions, discussions, and thematic demonstrations. As representatives from KSIT, we explored labs such as ATCG, BCL, CSL, DREAM, and others, gaining valuable insights into cutting-edge research.

Figure 6: The First Hard Disk

In the subsequent pages, we will explore the specific events, demos, and competitions conducted by CDS, providing a closer look at the department's contributions through the lens of KSIT enthusiasts.

Computational and Data Sciences (CDS) - Continued

A KSIT Perspective on the Wonders of CDS Labs and Demos

Lab Demos:

As KSIT enthusiasts, the Open Day allowed us to interact with various labs, each focusing on unique aspects of computational and data sciences. Notable labs included:

- **BioMed IA:** Showcasing advancements in Biomedical Image Analysis.
- **CSPL:** Investigating Computational & Statistical Physics.
- **DREAM:** Exploring Distributed Research on Emerging Applications & Machines.
- **VAL:** Vision and AI Lab, delving into cutting-edge research in computer vision.

Events and Competitions - Highlights:

- **Bits-Blitz:** Engaging quizzes tested our knowledge in computer and data science.
- **Coder's Grand Prix:** Thrilling programming challenges catered to our coding interests.
- **Three-Minutes-Thesis:** Researchers presented their projects with brevity and precision, leaving a lasting impact on us KSIT enthusiasts.

Figure 7: CSPL LAB

Keynotes and Demos:

Distinguished speakers provided valuable insights into the latest trends in Machine Learning, Artificial Intelligence, and Computational Sciences. Thematic demonstrations further elucidated complex concepts, providing a comprehensive understanding.

In the subsequent pages, we will delve into the initiatives of the Department of Computer Science and Automation (CSA) showcased during the Open Day, offering a unique KSIT perspective.

Department of Computer Science and Automation (CSA)

A KSIT Expedition Through the Technological Odyssey of CSA

Introduction:

Our exploration continued into the Department of Computer Science and Automation (CSA) as KSIT representatives. This department welcomed KSIT students, science enthusiasts, and the public during the IISc Bangalore Open Day, offering a unique showcase of technological initiatives and activities.

Lab Demos and Quizzes:

As KSIT enthusiasts, we actively participated in the diverse range of activities offered by CSA, including:

- **Lab Demos:** Gaining insights into ongoing research, cutting-edge technologies, and innovative projects within the department.
- **Quizzes:** Testing our knowledge and understanding of computer science and automation through engaging quiz sessions..

Hackathon, Coding Competition, and Keynote Talks:

Being tech enthusiasts from KSIT, we actively participated in events that catered to different interests:

- **Hackathon:** Collaboratively solving challenges and showcasing our coding skills.
- **Coding Competition:** Testing our coding prowess in a thrilling and competitive environment.
- **Keynote Talks:** Gaining insights from distinguished speakers on emerging trends in computer science and automation.

Figure 8: Seminar on Computational Capabilities of Param Pravega

Kids Zone and Interactive Sessions:

As representatives from KSIT, we appreciated the inclusive nature of CSA's offerings, including:

- **Kids Zone:** Fun activities tailored for younger participants, making science accessible and enjoyable for children.

Interactive Sessions: Opportunities for us, KSIT students, to engage with researchers, professors, and students, fostering a dynamic environment of knowledge exchange

In the subsequent pages, we will delve into the specific technologies, projects, and initiatives presented by CSA during the Open Day, offering a comprehensive understanding of the department's contributions through the lens of KSIT enthusiasts.

Navigating Technological Frontiers: A KSIT Showcase by CSA

Lab Demos and Innovative Projects:

As KSIT enthusiasts, our visit to CSA's lab demos provided a firsthand look into ongoing research and technological innovations. Notable projects included:

- **3D Printing of Concrete:** A demonstration showcasing advancements in additive manufacturing for construction applications.
- **Membrane Separation Technologies:** Exploring cutting-edge techniques in membrane technology with practical demonstrations.
- **Poster Presentations:** Showcasing a myriad of research projects, providing a visual representation of CSA's contributions to the academic community.

Figure 9: Biomolecular Computation Laboratory, Paper Presentation

Quizzes and Competitions:

- **Quizzes:** As representatives from KSIT, we actively engaged in quizzes covering various aspects of computer science and automation, fostering a spirit of friendly competition.
- **Hackathon and Coding Competition:** Our participation showcased our skills and problem-solving abilities in these exciting and challenging competitions.

Keynote Talks:

As KSIT students, distinguished speakers from academia and industry shared their expertise in keynote talks, offering valuable insights into emerging trends, challenges, and opportunities in the field of computer science and automation.

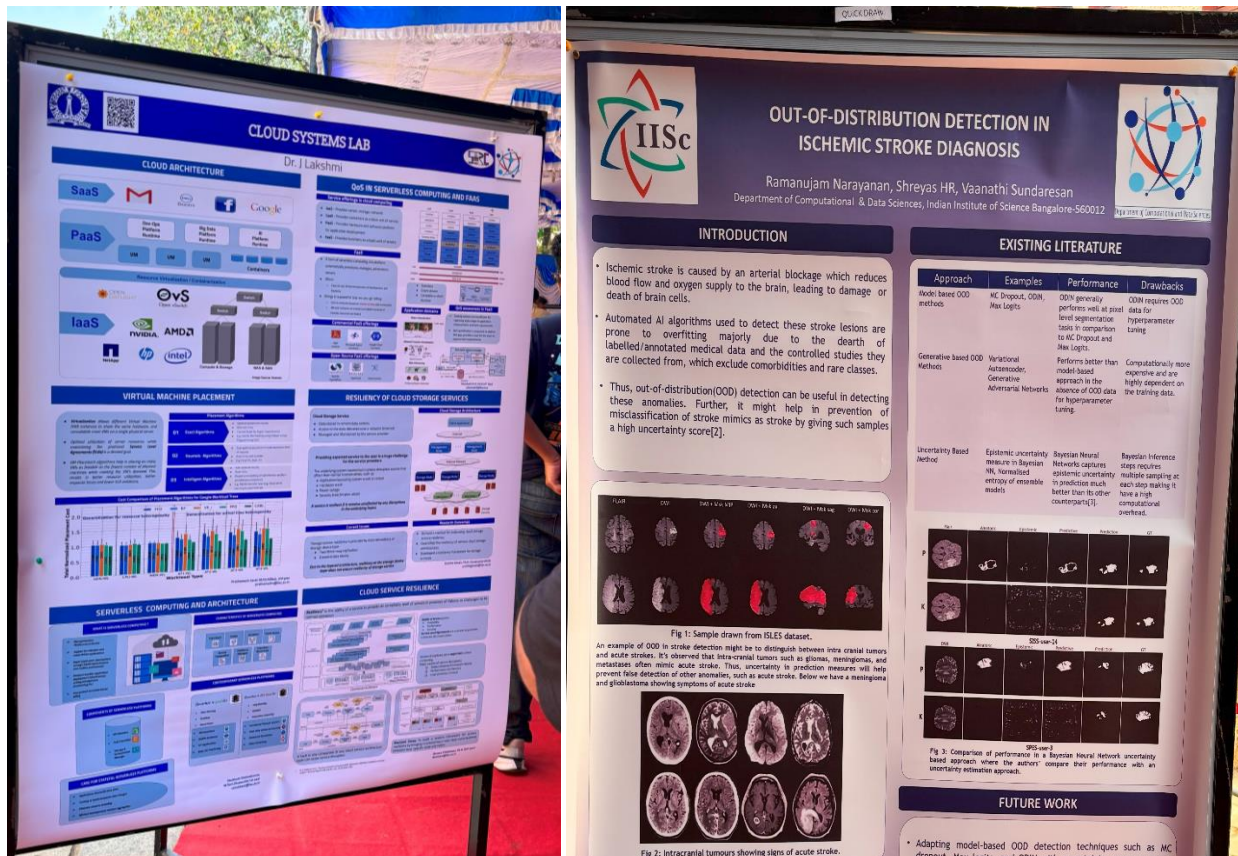

Figure 10: Paper Presentations

In the subsequent pages, we will conclude this report by summarizing the overarching significance of the IISc Bangalore Open Day and expressing gratitude for the transformative experiences it provided to us as KSIT enthusiasts.

Reflecting on IISc Bangalore Open Day 2024 - A KSIT Perspective

Introduction:

As KSIT enthusiasts, our journey through the IISc Bangalore Open Day 2024 was not just an exploration of technologies but a unique adventure shaped by our interests, camaraderie, and shared enthusiasm. This page reflects on the significance of the Open Day through the lens of KSIT students.

Figure 11: Understanding of Tech 30 years Down the lane

Key Takeaways:

- The Open Day, with its diverse exhibits and engaging activities, provided KSIT representatives with a comprehensive understanding of sustainable technologies, brain research, and computational sciences.
- As KSIT students, the collaborative and inclusive nature of the event emphasized the importance of interdisciplinary exploration in the world of science and technology.
- Our active participation in quizzes, competitions, and discussions deepened our understanding and fostered a spirit of curiosity.

Significance:

The IISc Bangalore Open Day holds profound significance for KSIT enthusiasts:

- It serves as a bridge between our academic community at KSIT and the wider research and technological advancements showcased at IISc Bangalore.
- The event fosters collaboration, knowledge exchange, and inspiration, contributing to the overall growth and development of KSIT students.
- The emphasis on inclusivity, with activities catering to various age groups, aligns with KSIT's commitment to making science accessible and enjoyable for all.

In the subsequent pages, we will express gratitude for the enriching experiences gained during the Open Day and outline the potential impacts on personal and academic growth for us as KSIT students.

Key Takeaways and Aspirations for KSIT's Future: Distilling

Insights and Charting Future Trajectories - A KSIT Perspective

Key Takeaways:

- The IISc Bangalore Open Day has left an indelible mark on us as KSIT students, providing a holistic view of sustainable technologies, brain research, and computational sciences.
- Engaging activities and demonstrations have enhanced our understanding, fostered a spirit of curiosity and learning among KSIT representatives.
- The collaborative and inclusive nature of the event has underscored the importance of interdisciplinary exploration in the world of science and technology for KSIT students.

Figure 12: Last year's Visit with College Faculties

Aspirations for KSIT's Future:

Inspired by the experiences at the Open Day, KSIT students aspire to:

- Delve deeper into specific areas of interest sparked during the event, aligning with KSIT's commitment to excellence in technology.
- Integrate the learnings from the Open Day into academic pursuits at KSIT, seeking opportunities for collaborative research and innovation.
- Continue engaging with the academic community at KSIT, attending similar events, and staying abreast of emerging trends in science and technology to contribute effectively to the field.

In the final page, we will conclude this report by summarizing the overarching significance of the IISc Bangalore Open Day for KSIT and expressing gratitude for the transformative experiences it provided.

Conclusion and Appreciation from KSIT

Closing Remarks and KSIT's Appreciation

Figure 13: Concluding Pictures at the Exit

Conclusion:

The IISc Bangalore Open Day 2024 has been an unparalleled experience for us as KSIT students, shaping our perspectives and fuelling our aspirations. It stands as a beacon of inspiration, encapsulating the spirit of innovation, collaboration, and academic excellence.

Appreciation:

As KSIT representatives, we express our heartfelt appreciation:

- To the organizers, speakers, researchers, and participants for contributing to the success of the Open Day.
- For the collaborative and inclusive ethos of IISc Bangalore, which has left a lasting impact on our personal and academic growth at KSIT.

In closing, the IISc Bangalore Open Day has not only expanded our horizons but has instilled a profound appreciation for the limitless possibilities within the ever-evolving landscape of science and technology.

Expert Details – with photo

Name: Mr. Adi Prasanna C R

Designation: Application Architect

Organization: IBM India Pvt Ltd, Bengaluru, India

Brief Profile About the Expert:

About Mr. Adi Prasanna C R: 19+ years of IT industry experience encompassing a wide range of skillset, roles and industry verticals • Experienced in full stack development including application architecture, design, frontend development and backend development • Rewritten at least 6 software applications involving end-to-end application development and maintenance lifecycles • Provided solutions for application scaling (like clustering) and data replication • Acquired skills on Performance Tuning of applications and databases • Estimated and proposed innovative ideas (POC's) in the areas of process automations, productivity improvements, functional enhancements etc., and contributed to the account growth by generating additional revenue • Conducted many technical and process related trainings at team, account and company levels • Designed and developed generic components like Dashboard engine, WorkFlow engine, Reports engine and Template engine using Java and XML • Designed and developed reusable UI components like Calendar, Time picker, Tabbed Control using HTML, JSP and JavaScript • Strong at analytical, technical and programming skills • Skilled in designing and developing generic frameworks using Java.

Description of the Event: A mini-project exhibition was organized for 5th sem A and B section students on 18-03-2024. The program began with the inauguration function graced

by jury member Mr. Adi Prasanna C R and presided by Dr. Rekha B Venkatapur professor and HOD-CSE and Dr. Sudha P HOD-ECE. The exhibition was focused on the Database Management Systems mini-project. Dr. Sunita Chalageri, Associate professor, and Mr. Somashekar T, Associate professor of the Department of CSE were the coordinators. There were 60 participants from 5th sem

Objectives / Key Highlights:

- Show casting students' potential based on their technical literacy
- The objective of the lab course is to understand the practical applicability of database management system concepts. Working on existing database systems, designing databases, creating relational databases, analysis of table design.
- The lab course also provides practical knowledge to understand advanced database concepts such as Datamining and Big Data Analysis.
- Making the students industry-ready.

Participant details - No. of Participants: 60

Students (internal/external): 5th A and 5th B (Internal)

CIRCULAR

This is to inform all 1st year students of the Computer Science and Engineering department that we have scheduled an “**Awareness program on Outcome-Based Education**” for April 3, 2024. This program aims to acquaint students with the framework and benefits of OBE, ensuring that activities are in alignment with the learning outcomes that prepare students for professional competencies.

The program will commence at **10:30am** in **Conference Hall**.

Note: Attendance is mandatory & students are expected to be seated by 10:20am.

REPORT ON
“Exploring Outcome-Based Education: Insights for Beginners”

Semester:	1 st Year (II Semester)
Event Type:	Seminar
Event Name:	Awareness About OBE Concepts
Date/Duration:	03-04-2024 / 120 minutes
No. of Students:	186
Speaker Details:	Mr. Krishna Gudi, Associate Professor, CSE, KSIT
Online link/Offline:	Offline

Event Objectives:

- Fundamentals of Outcome-Based Education.
- Elements of OBE within the CSE Program.
- Advantages of Partnerships between Industry and Academic Institutions.

Event Description:

On April 3, 2024, the Computer Science and Engineering (CSE) department of our esteemed institution conducted an enlightening awareness program on Outcome-Based Education (OBE). The initiative was tailored specifically for the first-year CSE students to acquaint them with the OBE framework, its incorporation into the CSE curriculum, and the pivotal role of industry-academic collaboration in Higher Educational Institutions (HEIs).

Glimpse during ‘Introduction to Outcome Based Education’

Glimpse during delivery on 'OBE in CSE Curriculum'

Glimpse during delivery on 'Industry-Academia collaboration'

The program covers the following topics:

- 1) Introduction to OBE
- 2) Components of OBE in CSE Curriculum
- 3) Benefits of Industry-Academic Collaboration in HEIs

1. Overview of OBE:

- The program commenced with an erudite introduction to OBE, a pedagogical approach that eschews traditional education metrics in favor of a competency-based model. It prioritizes the actual abilities that students should manifest upon the culmination of their academic courses.

2. Components of OBE in CSE Curriculum:

- Subsequent to the initial discourse, the focus was directed toward the specific components of OBE within the CSE curriculum. Scholars expounded upon the delineated Program Educational Objectives (PEOs) which are the substratum of the curriculum's aspirations. Each course within the CSE program was demystified, illustrating how Course Learning Outcomes (CLOs) are meticulously mapped to broader PEOs and ultimately align with the overarching Vision and Mission of the institution.

3. Benefits of Industry-Academic Collaboration in HEIs:

- In this segment, explored the tangible advantages of partnerships between the academic sphere and the industrial sector, substantiated by real-world cases involving renowned entities such as RedHat, Cisco, VMware and IBM. These industry giants have pioneered certification programs which integrate seamlessly into academic curricula, thus delivering successful learning outcomes. The session was designed to enhance the students understanding of OBE and its significance in their academic and professional development within the field of Computer Science and Engineering.

EO#	EVENT OUTCOMES
EO1	Students will acquire a thorough grasp of the principles and structure of the OBE framework.
EO2	Students will appreciate the significance of OBE for matching their academic pursuits with the expectations and needs of the contemporary workforce.
EO3	Students will understand how industry-linked courses shape their career skills and goals.

Event Objectives

- Showcasing student’s potential based on their technical literacy.
- Understanding working of a software/Hardware life cycle through practical implementation.
- Making the students industry ready.

Description of the Event

A Project Exhibition & Competition was organized for 8th-semester students on 30th May 2024. The program began with the inauguration function graced by Sri.R. Rajagopal Naidu, President, Kammavari Sangham, Sri. R. Leela Shankar Rao, Hon. Secretary, Kammavari Sangham, Sri.T. Neerajakshulu Naidu, Treasurer, KammavariSangham, and Presided the chief guest Mr. Mahantesh Kolhar, Project Manager, Universal Electronics, Dr. Dilip Kumar K, Principal / Director, KSIT, Dr. Rekha B Venkatapur, Prof & HoD-CSE.

Chandra Sekhar Kambham, senior engineer at Huawei Technologies India and Dr. Ramakrishna M, professor & Head of department, CSE at Vemana Institute of Technology, Bangaluru were the judges. Prof. Roopesh Kumar. B.N, Associate Professor, Prof. Raghavendrchar S, Associate Professor, of the Department of CSE were the coordinators. There were 129 Participants from 8th semester CSE. A total of 33 batches demonstrated the projects to the Judges.

Industry Visit - 2024

A Collaborative Effort between Xcel Corp and KSIT

1.Executive Summary

Brief Overview of the Visit

The industrial visit to XCEL Corp, organized by KS Institute of Technology (KSIT) for its 6th semester Computer Science and Engineering students, was an extraordinary opportunity that provided invaluable insights into the workings of a leading software development company. Held on May 17, 2024, the visit was part of XCEL Corp's Corporate Social Responsibility (CSR) initiative aimed at exposing engineering graduates to real-world corporate environments. The day included informative sessions on the Software Development Life Cycle (SDLC), current industry domains, and an interactive quiz that led to internship opportunities for top performers.

1. Introduction

Objective of the Visit

The primary objective of the industrial visit to XCEL Corp was to provide 6th semester Computer Science and Engineering students from KS Institute of Technology (KSIT) with an immersive experience in a real-world corporate environment.

Figure 2: Industry Visit Snapshot

This initiative aimed to:

- **Enhance Academic Learning:** By exposing students to practical applications of their theoretical knowledge, the visit aimed to bridge the gap between classroom education and industry requirements.
- **Foster Career Awareness:** The visit provided insights into various career paths within the IT sector, helping students make informed decisions about their professional futures.
- **Promote Professional Networking:** Interactions with industry experts offered students the opportunity to expand their professional networks and gain mentorship from experienced professionals.

- **Encourage Skill Development:** Through sessions and interactive activities, students were encouraged to develop skills that are critical for success in the IT industry, such as problem-solving, analytical thinking, and teamwork.

About XCEL Corp

XCEL Corp is a distinguished Software Product Development Company with its Head Office in New Jersey, USA. Established in 2003, XCEL Corp has over 20 years of experience in delivering innovative IT solutions to Fortune 500 and 1000 companies across the globe. The company has forged strategic partnerships with leading technology providers such as IBM, Oracle, SAP, Microsoft, Alfresco, Qlik, AWS, and more.

REPORT ON “DATA ANALYTICS BOOTCAMP”

Year/Sem:	3 rd Year / 5 SEM / Both A and B section
Event Type:	Boot Camp
Event Name:	DATA ANALYTICS BOOTCAMP
Date/Duration:	08-01-2024
No. of Students:	101
Speaker Details:	Shaik Johnny Basha, Bengaluru
Online link/Offline:	Offline

Event Objectives:

- Providing knowledge about Data Analytics.
- Understanding the difference between Data Analyst and Data Scientist.
- Attaining an opportunity to get knowledge about new field of Computer Science.

Speaker Profile:

The session was handled by Shaik Johnny Basha. In 2021, his journey as a Student Entrepreneur commenced with the inception of Study Comrade Private Limited. Rooted in the belief that education is not merely a path but a shared experience, this venture embodies my commitment to making a lasting impact. His growth trajectory as a Student Leader was shaped by his roles as a student coordinator for various college clubs, where the speaker learned the art of effective collaboration and leadership. The echoes of success resonated on a national level as he triumphed in numerous competitions, solidifying his belief in the power of youthful ingenuity. The year 2022 brought forth a pinnacle moment with the prestigious "Young Entrepreneur Award" from the Indian Achievers Forum. This recognition was not just a personal milestone but a celebration of the collective efforts invested in Study Comrade's journey.
