ENVIRONMENT DAY

DATE: 13\06\2024

VENUE: Ramanahalli, Bidadi Hobli, Ramanagara District, Karnataka- 562109

ORGANIZED BY: NSS Unit of KSIT

DURATION: 10:00AM – 01:00pm.

PARTICIPANTS: NSS Program Officer, Physical Education Director-Mr. Umesh, Villagers, Village Head's and NSS Volunteers.

INCHARGE FACULTY: Mr. Naveen V, NSS Program Officer, KSIT.

OBJECTIVES:

- To promote environmental awareness and education among village residents, emphasizing the importance of conservation and sustainable living practices.
- To combat climate change and air pollution by increasing green cover, which will help reduce carbon footprint and produce oxygen.
- To protect and conserve natural resources for future generations, ensuring a healthy and thriving environment.
- To bring the community together and foster a sense of responsibility towards the environment, encouraging collective action and ownership.
- To inspire sustainable living practices and encourage environmentally-friendly habits among villagers, such as reducing waste, using renewable energy sources, and promoting eco-friendly agriculture.

HISTORY OF ENVIRONMENT DAY

World Environment Day was established in 1972 by the United Nations General Assembly to raise global awareness about environmental issues. The first celebration was held on June 5, 1973, with the theme "Only One Earth." Since then, it has been celebrated annually on June 5, with a new theme each year.

The day is hosted by a different country each year, with the aim of promoting sustainable living and environmental protection. Over the years, World Environment Day has become a global platform for environmental activism and awareness. Today, it is celebrated in over 100 countries around the world.

SCOPE OF THE PROGRAM

World Environment Day celebrations aim to raise awareness about environmental issues and promote sustainable living. The scope includes encouraging individuals, communities, and governments to take action to protect the environment. It also aims to promote sustainable development, conservation, and management of natural resources. Ultimately, the goal is to create a better future for all, with a healthy and thriving environment. To celebrate by planting new saplings and create awareness by making posters.

HIGHLIGHTS OF THE EVENT

On June 13, 2024, the NSS unit of KS Institute of Technology (KSIT) organized an environmental awareness program in Ramanahalli village to commemorate World Environment Day. The program aimed to promote environmental conservation and sustainable practices among the rural community.

The NSS unit, comprising dedicated volunteers, engaged with the local community, emphasizing the importance of environmental stewardship and sustainable living. The volunteers spearheaded a sapling planting drive, which was supported by the Village Head, Panchayath Development Officer, heads of MPCS (Milk Producers Cooperative Society), and Gram Panchayath members, who participated in the event and encouraged the villagers to actively contribute to environmental conservation. The collective effort aimed to foster a culture of afforestation and eco-friendly living in the village.

The program's impact was profound, with a significant increase in awareness among the villagers about the importance of conserving forests and trees. Our main task, planting 200 saplings across the village, served as a powerful symbol of our commitment to environmental conservation. This achievement is crucial for the future generation, as it ensures a healthier environment and a sustainable future. By planting these saplings, we not only spread awareness but also took tangible action towards environmental conservation, inspiring the community to follow suit. Through this initiative, the NSS unit of KSIT has made a lasting impact on the community, fostering a culture of sustainability and environmental responsibility.

PROGRAM OUTCOMES:

At the end of the programme, the following PO's are attained.

NSS	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12
NSS PROGRAMME						2	3		3			3

Justification of PO mapping:

- *Students can able to assess societal, health, safety, legal and cultural issues and the consequent responsibilities .*
- *Students can able to Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development .*
- *Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.*
- *Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change*
