

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institution has a Committee that works on its strategic plan. Once this plan is approved the same is communicated to the stake holders for implementation. All the financial expenditures are put up with the management for final approval and disbursement.

The following institutional Strategic plans are effectively deployed:

Institute encourages Faculty and students for publishing papers in reputed journals and also presenting their research articles in various national/international Platforms, participation in FDPs and apply project proposals to VGST, KSCST and DST.

The Industry Institute Interaction Cell (IIC) creates a multidisciplinary innovation environment that will allow project-based learning for students.

Arrange workshops and training sessions for faculty, guest lectures, and departmental association activities for students.

To emphasize on the students overall development through excellent academic programs, training & placement extracurricular and co-curricular activities, community involvement initiatives and participate in national/international activities.

To provide the technical assistance relating to intellectual property rights and academics by signing MoU's and conducting events. FDP and one work shop was conducted to 5th sem students of all branches.

To develop physical infrastructure that supports the college Vision and Mission Values with the increase in intake requirements.

Prepare AQAR and SSR for second cycle of NAAC

To provide guidance for NBA process and obtained extension for 3yrs to CSE and ECE departments.
