Together with our Institutional Vision to provide high-quality technical education with ethical values and research to achieve excellence, our institution stands out as a beacon of distinctiveness in the higher education sector. Thanks to its distinctive blend of cutting-edge innovative programs and dedication to fostering a vibrant academic community. The Institute makes sure that socioeconomic limitations won't be the only reason that worthy and qualified students are denied an opportunity. In keeping with our Group of Institutions' charitable motto, students will receive fee reductions, which has created an alluring plan for them to succeed academically.

Students are inspired, encouraged, and financed to take part in the annual Smart India Hackathon, a national event coordinated by AICTE and MHRD. Mechanical and electronics engineering students from SAE India KSIT Collegiate Club have been competing in the eBAJA competition since 2017. The competition requires the design and construction of an off-road vehicle that is powered by a battery and motor.

In order to maintain standards, develop competence, and encourage members to act ethically, professional bodies are essential. It is necessary that all students join a number of professional organizations, including the IETE Students Forum (ISF), IEEE, SAE, CSI, IETE, ISTE, and IEI.
